I. Scope and Arrangement of Manual

The scope of this the 2nd Edition of the "War Material Supplies Manual" is the same as that of the 1st Edition but includes all the changes and additions to which the months of March, April and May, 1918, have given birth.

This Manual therefore comprises all the legislation in force on May 31st, 1918, relating to the Control of Supplies of "War Material" which is defined by Regulation 62 of the Defence of the Realm Regulations as including "arms, ammunition, warlike stores and equipment, and everything required for or in connection with the production thereof." That definition is identical with that contained in s. 1 (3) of the Defence of the Realm (Amendment) No. 2 Act, 1915 (5 Geo. 5, c. 37).

This Edition of the Manual, like its predecessor, is divided into three parts, of which the first comprises the Regulations empowering the making of "War Material Supplies Orders"; the second, the text of all such Orders thereunder made subjecting particular articles to Requisition or Control and now (May 31st, 1918) in force; and the third, the General Orders providing for Priority of Government Contract work. The main text of the Manual is preceded by an Alphabetical Table of all the Supplies which are controlled, showing which articles coming within the scope of the Manual are controlled, which Department has made the Order, &c., the date of the Order, and the page of this Manual at which it is printed. The main text is followed by a series of Appendixes.

The contents of each portion of the book are described in further detail below, where certain alterations in the system of classification of the Orders designed to further facilitate reference are referred to.

II. Alphabetical Table of Controlled Supplies.

This Table (which immediately follows this Introduction) gives in alphabetical sequence the name of every article and commodity (other than those specified in the Note at p. 1 as not having been viewed as "War Material Supplies," and which therefore fall outside the scope of the Manual) which is (May 31st, 1918) controlled by a "War Material Supplies Order" or specifically, by name, by a Defence of the Realm Regulation or the Non-Ferrous Metal Industry Act.

The Table (which is revised to May 31st, 1918) shows which Department made the Order, the date of the Order, &c. (distinguishing Notices and general Permits from "Orders" strictly so termed), and the page of the Manual at which the full text of the Order is printed.

(a) As stated in the Editorial Note at p. 407 the "Timber Supplies" group of Orders has, in view of the issue on July 16th of the Timber Control Order, 1918, which consolidated and amended most of the Timber Orders, been revised to that date. Footnotes have also been inserted, whilst the Manual was in the press, to any of the Orders made during the month of June which repealed or specifically amended earlier Orders.

(b) The full text of this and of the other Defence of the Realm Acts form Part I of the "Defence of the Realm Manual" further referred to in Section III 2 of this Introduction.
It is believed that this Table, which so far as the names of controlled articles are concerned serves the purpose of an Index, will facilitate reference to the numerous Orders which form Part II. of this book.

III. Enabling Regulations.

1. Authority for the Regulations.

Part I. of this Manual comprises those of the Defence of the Realm Regulations which confer express powers on the Admiralty, the Army Council, the Minister of Munitions, the Board of Trade, and the Controller of the Stationery Office of taking possession of or of regulating the manufacture, production, sale or other dealings in "war material" as above defined, and of requiring particulars and returns, or which otherwise impose restriction as to war material supplies.

The Defence of the Realm Consolidation Act, 1914 (5 Geo. 5, c. 8), s. 1, as amended by the Ministry of Munitions Order in Council, 1915 (St. R. & O., 1915, No. 580), empowers the conferment by Defence of the Realm Regulations of powers on the Admiralty, Army Council and Minister of Munitions, and also on other persons acting on His Majesty's behalf.

The full text of this and of the other Defence of the Realm Acts forms Part I. of the "Defence of the Realm Manual" hereinafter further referred to.

As above stated, this Manual comprises only those of the Regulations which empower the making of War Material Supplies Orders.

The whole of the Defence of the Realm Regulations, consolidated under the authority of Regulation 64 as one single code, form Part II. of the "Defence of the Realm Manual," which is published at certain intervals—the latest Edition published covering the legislation to February 28th last. In that Manual the Regulations are accompanied by editorial notes and by the full text of both the enabling Acts and of the Departmental Orders (a) made under the Regulations and by an analytical index to the whole of the Defence of the Realm Legislation. The Defence of the Realm Regulations, similarly consolidated, but without any editorial or marginal notes, revised to the last day of each month, are published at the commencement of the ensuing month—the latest issue covering to June 30th, 1918.

(a) The new (February 28th) Edition of the Defence of the Realm Manual does not contain the text of the following Classes of Orders under the Regulations which are given in full form in the undermentioned Manuals:—

(i) War Material Supplies Orders, which are printed at length in this "War Material Supplies Manual";

(ii) Food Controller's Orders and Orders of the Local Government Board and Secretary for Scotland, &c., relative thereto, which are printed at length in the Manual entitled "Food Control Manual" of which the last published edition covered all such Orders to April 30th, 1918;

(iii) Food Production Orders of the Board of Agriculture and Fisheries, the Board of Agriculture for Scotland, and the Department of Agriculture and Technical Instruction for Ireland. All such Orders in force on January 31st, 1918, are printed in Parts IV, V, and VI and the Addenda to the "Food (Supply and Production) Manual";

(iv) "Securities" Orders made by the Treasury. These will all be included in the "Financial Manual."
3. Initiation of the Enabling Regulations.

No Regulations of the character of those included in this Manual found a place amongst the Defence of the Realm Regulations as first issued on the outbreak of War (Manual of Emergency Legislation, pp. 146-151). Legislation of this character was initiated by the introduction into the Code in November, 1914, of regulations empowering the Admiralty and the Army Council to requisition the output of, and to take possession of, ammunition factories. These 1914 provisions, as subsequently amplified, form Regulations 7 and 8 of the present Code (pp. 7, 9 of this Manual). By a series of Amending Orders in Council the other Regulations printed in Part I. hereof have been gradually built up. The power to prohibit dealings in war material (Regulation 30A, p. 12) dates from September, 1915, and the general Requisition power (Regulation 2b, p. 3) from February, 1916. The Board of Trade’s powers as to articles of commerce (pp. 16-22) were first conferred in November, 1916, whilst those of the Controller of the Stationery Office (pp. 26-30), date back only to March 1st last.

IV. War Material Supplies Orders.

1. Classification of the Orders.

The full text of all the “War Material Supplies Orders” made under the Enabling Regulations forms Part II. of this Manual. They are there printed in 13 Groups according to the character of the supplies, the longer Groups being sub-divided. A list of such Groups and Sub-groups is given pp. 32, 33; and the Sub-groups are also re-enumerated at the commencement of each Group in the main text. The text of each Group or Sub-group is preceded by a list (in alphabetical order) of the short titles of the Orders printed thereunder.

The Orders are, as stated under 4 below, directed to 4 main classes of objects, viz.: “Dealings,” “ Manufacture,” “Movement,” and “Returns,” and each sub-group of the two main groups “ Hides, Leather and Tanning Materials” (pp. 100-150), and “Textiles” (pp. 307-406), have been further sub-divided so as to bring all the Orders directed to each of these classes of objects together. It is believed that this plan (which in the case of a long and somewhat complicated series of Orders such as those relating to Wool will enable those concerned with “Dealings” and those concerned with “Manufacture” to turn to the Orders which directly affect them without referring to those which do not) will be found convenient.

2. Order-making Departments.

Except as regards a few special matters such as Timber Supplies, the control of which is assigned to a single Department, the powers conferred by the Enabling Regulations are on the whole concurrent, i.e., they enable any one of the Departments in whom they vest powers to exercise the same. But, by arrangement between the offices, one Department takes control of, and makes the orders as to, a particular class of supplies.

The general scheme of distribution between the Departments is indicated by the “Alphabetical Table of Controlled Supplies” which follows this Introduction and to which the reader is referred in the case of any particular article in which he is interested.
3. General Character of the Orders.

The "War Material Supplies Orders" are directed to 4 classes of objects:

1. Controlling Dealings and in that connection taking possession of supplies, restricting use, and fixing maximum prices.
2. Controlling Manufacture.
3. Restricting Movement.
4. Requiring Returns.

The most numerous and far-reaching Orders are those of the first of these classes. Certain Orders of that class declare various kinds of supplies to be "War Material" within Regulation 30A (p. 12), and thereby prohibit all dealings in, or offers or negotiations to deal in, the same without a permit.

Orders under other of the enabling Regulations impose other restrictions.

Amongst the Orders under Regulation 30A are those relating to Steel Supplies; the Order applying Regulation 30A to such supplies has been amended 6 times, and the General Permit allowing dealings in such supplies, subject to prescribed maximum prices, 12 times. As in all other cases the full text of all these Amending Orders and Notices is printed in Part II. of the Manual, but in view of the repeated amendments and consequent intricacy of the Steel Supplies Order the Editor has reproduced them in a simple consolidated form in Appendix I. (pp. 433-451) hereto.

4. Application to the United Kingdom or Otherwise of the Orders.

The Enabling Regulations, unless extended with or without adaptations to the Channel Islands or the Isle of Man, apply to the whole United Kingdom, i.e., to England, Wales, Scotland, and Ireland, and only thereto, and the War Material Supplies Orders have the like application.

Certain of the Regulations have been by Order in Council applied to Jersey and to the Bailiwick of Guernsey which comprises the remainder of the Channel Islands, and numerous Orders in Council (all of which are printed as Statutory Rules and Orders) have been made under the Isle of Man War Legislation Act, 1914, applying certain of the Regulations with or without adaptations to that Isle.

It would seem that a War Material Supplies Order applies in the absence of a provision restricting its application throughout the same territorial area as that to which the enabling power extended when the Order was made. Certain of the Orders are specifically expressed to apply only to certain parts of the United Kingdom.

5. Proof, Construction, and Citation of the Orders.

Proof of Regulations and Orders.—The Documentary Evidence Acts, as applied to the Minister of Munitions by s. 18 of the Munitions of War Act, 1915 (5 & 6 Geo. 5, c. 54) and to the Army Council by s. 5 of the Evidence (Amendment) Act, 1915
(5 & 6 Geo. 5, c. 94), provide that \textit{prima facie} evidence of Defence of the Realm Regulations and of "War Material Supplies Orders" (\textit{i.e.}, Orders of the Admiralty, Army Council, Minister of Munitions and Board of Trade made under the powers conferred by such Regulations) may be given in all courts and legal proceedings in all or any of three ways, \textit{viz.}:

(1) \textit{By the production of a copy of the "Gazette" purporting to contain such Regulations or War Material Supplies Orders.}

In Part II. of this Manual, which comprises the full text of all the War Material Supplies Orders in force (May 31st, 1918) a note is inserted at the end of each Order, referring to the copy of the "Gazette" containing the same.

(2) \textit{By the production of a copy of the Defence of the Realm Regulations or of a "War Material Supplies Order," purporting to be printed under the "Authority of His Majesty's Stationery Office."}

This Manual is printed under that Authority, and the "War Material Supplies Orders," &c., as therein printed in full, are evidence accordingly.

This Manual advisedly contains only those portions of the Defence of the Realm Regulations which empower the making of War Material Supplies Orders and those portions are printed in Part I. hereof \textbf{not} in the form in which they appear in the general Consolidated Defence of the Realm Code, but in the \textbf{form} they appear to assume as applied to and empowering the Departments who make the said War Material Supplies Orders. Where it is required to put the Defence of the Realm Code in evidence recourse should be had to the (monthly issued) official copies of the complete consolidated Code which is reissued early in each month revised to the last day of the preceding month.

(3) \textit{By the production of a copy or extract of the Defence of the Realm Regulations purporting to be certified to be true by the Clerk of the Privy Council or by any Privy Councillor or of a War Material Supplies Order purporting to be certified to be true in the case of:}

\textit{An Admiralty Order, by any Lord of the Admiralty or either of the Secretaries of the Admiralty:}

\textit{An Army Council Order, by two members of the Army Council, or the Secretary to the Army Council, or any person authorised by the Army Council to act on their behalf:}

\textit{An Order of the Minister of Munitions, by the Minister or a Secretary of the Ministry or any person authorised by the Minister to act on his behalf:}

\textit{A Board of Trade Order, by any Member, or any Secretary or Assistant Secretary of the Board of Trade.}
Construction of Regulations and Orders.—Regulation 63 of the Defence of the Realm Regulations (p. 506) applies the Interpretation Act, 1889, for the purpose of the interpretation of the Regulations and of all Orders thereunder.

The effect of that Regulation would appear to be that:

(1) In the Regulations themselves all expressions defined by the Interpretation Act (52 & 53 Vict. c. 63), though not occurring in the Defence of the Realm Acts have the respective meanings so given to them and all the rules of construction laid down by that Act for the construction of Acts of Parliament apply to the construction of the Regulations;

(2) In an Order under the Regulations expressions occurring both in the Order and in the empowering Regulations have the same meaning as they have in the empowering Regulations (see s. 31 of the Interpretation Act);

(3) But both as regards the Regulations and the Orders thereunder such interpretation is excluded by anything in the Regulation or Order importing "a contrary intention." (See the provision to this effect which occurs throughout the Interpretation Act.)

Citation of Regulations and Orders.—The Regulations may be cited as the "Defence of the Realm Regulations," and any reference in any document to them by that short title, or to them as the "Defence of the Realm (Consolidation) Regulations, 1914," or to any of them, is unless the context otherwise requires to be construed as a reference to the Regulations as amended by any Order in Council for the time being in force (see Regulation 65, p. 506).

Very few of the "War Material Supplies Orders" made by the Admiralty, the Army Council, or the Minister of Munitions, except the most recently issued ones, contained a clause conferring a short title on the Order, and there was therefore no means in the case of an Amending Order or otherwise of simple and convenient reference. Such means of reference was provided by three "Citation of War Material Supplies Orders," made by the Admiralty, the Army Council, and the Minister of Munitions respectively. Those three Orders, which are printed in full as Section 3 of Appendix V. (pp. 508-519) of this Manual, provide for the citation by a short title of every War Material Supplies Order made by one of those three Departments which was in force on February 28th last and did not contain a Clause so providing. Each of the Orders as printed in Part II. of this Manual on which a short title has been so conferred by these Citation Orders is accompanied by a footnote referring to the said Appendix V. containing the Authority for such short title.

Most of the Board of Trade Orders contain a clause providing for the citation of the Order by a short title.
6. TRIAL AND PUNISHMENT OF CONTRAVENITIONS OF THE ORDERS.

Contraventions of "War Material Supplies Orders" and of the Defence of the Realm Regulations enabling the making of the same, are triable in one of three modes, viz.:—

1. By Court-martial;
2. By a Civil Court with a Jury;
3. By a Court of Summary Jurisdiction;

and Regulation 56 provides which of these three classes of tribunals is to be the court for trial of each class of offences.

Certain of the Regulations declare a contravention of the same or of Orders thereunder to be a "summary offence" and Regulation 56 (2) provides that a person alleged to be guilty of an offence so declared to be a "summary offence" shall (if not subject to the Naval Discipline Act or to Military Law) be tried by a court of summary jurisdiction and not otherwise.

A contravention of Regulations 2b, 2d, 2e, 8, 8a, 15c, 30a or 30b (pp. 3-14, which confer concurrent powers on the Admiralty, Army Council and Minister of Munitions) or of an Order of any one of those Departments thereunder, and the improper disclosure of information as to an invention or process under Reg. 8cc (p. 10) are "offences" and therefore not being declared to be a "summary offence" may fall to be tried either by a Court of summary jurisdiction, or by court-martial, or by a civil court with a jury as the designated authority may decide.

A contravention of Regulation 30c (p. 14) or of Regulations 2f, 2g, 26g, or 15a (pp. 17-21, 25), which confer powers on the Board of Trade, or of Regulations 2b, 2bb, 7, 8, 8a and 15c in the form in which as adapted by Treasury Order they confer powers on the Controller of the Stationery Office (pp. 26-30) or of a War Material Supplies Order made under such powers constitutes a "summary offence" and if the contravention is by a person not subject to the Naval Discipline Act or to military law is triable only by a Court of Summary Jurisdiction.

The general provisions as to Trial and Punishment of Offences are comprised in Regulations 56 to 58d of the Defence of the Realm Regulations which as amended are issued monthly as a single Consolidated Code as mentioned in Section III. 2 of this Introduction.

Many of the contraventions of War Material Supplies Orders are in fact prosecuted before Courts of Summary Jurisdiction, and in view of the modifications of the ordinary Summary Jurisdiction Acts which is effected by the Regulations the more salient features of the provisions applying to the summary prosecution of such contraventions may conveniently be stated as follows:—

(i) FORUM.—The question of how an offence not declared to be a summary offence shall be tried is determined as provided by Regulation 56.

(ii) VENUE.—The "determining place" may be taken as either that at which the offence was committed, or that in which the offender may be (Reg. 58).
(iii) **Who May Prosecute.**—In England and Ireland an offence may not (without the consent of the Attorney-General) be prosecuted summarily except by certain official persons (Reg. 56 (11)). In Scotland all prosecutions in the Sheriff Court (which is the court for the trial of summary offences) (Reg. 58) proceed at the instance of, and are conducted by, the procurator-fiscal.

(iv) **Limitation of Time for Prosecutions.**—A contravention may be prosecuted notwithstanding it took place more than six months before the institution of the proceedings (Reg. 56 (5)). The effect of this provision is to exclude the operation of s. 11 of the Summary Jurisdiction Act, 1848.

(v) **Claim to Trial by Jury.**—This cannot, notwithstanding s. 17 of the Summary Jurisdiction Act, 1879, be claimed in a case triable summarily (Reg. 58).

(vi) **Hearing in Camera.**—On the application of the prosecution the public may be excluded from the hearing; but the sentence must be passed in public (Reg. 58).

(vii) **Punishment.**—The maximum sentence may be six months' imprisonment with or without hard labour and a fine of £100 and forfeiture of any goods in respect of which the offence was committed (Reg. 58).

(viii) **Appeals.**—An appeal from a summary conviction lies—

(a) **In England or Wales** to quarter sessions, or to the High Court (i.e., to a Divisional Court of the King's Bench Division) by special case on the ground that the conviction is erroneous in point of law, or is in excess of jurisdiction (42 & 43 Vict. c. 49, s. 33); but an appeal by special case is an abandonment of the right of appeal to quarter sessions "finally and conclusively and to all intents and purposes" (20 & 21 Vict. c. 43, s. 14). The decision of quarter sessions in the one case and the Divisional Court in the other is final and conclusive.

(b) **In Scotland** by stated case to the High Court of Justiciary (8 Edw. 7, c. 65, ss. 60-76) or by "any other competent mode of appeal," see s. 76 of that Act. There is no appeal "on the merits" in any case nor any further appeal from the High Court of Justiciary.

(c) **In Ireland** to quarter sessions or by special case on point of law to the High Court.

7. **Effect on Contracts of the Orders.**

Those provisions of the Defence of the Realm and Courts (Emergency Powers) Acts which relate to this subject are printed in Appendix IV. (pp. 501-3) of this Manual.
They may be thus briefly stated in outline:—

1. Compliance with Requirement of War Material Supplies Order or Enabling Regulation a Good Defence to Action for Non-Fulfilment of Contract.—It is a good defence to proceedings for the non-fulfilment of a contract that the defendant:—

(a) was under the necessity of complying with a requirement, restriction, or regulation of the Admiralty, Army Council or Minister of Munitions under the Defence of the Realm Regulations (5 Geo. 5, c. 37, s. 1 (2), p. 502); or

(b) complied with any such requirement, &c., regulation, order, restriction, direction or advice imposed or given in connection with the present war by any Government Department (7 & 8 Geo. 5, c. 25, s. 3, p. 503).

The last named provision does not apply to contracts of tenancy, as to relief from liability arising under which see 7 & 8 Geo. 5, c. 25, s. 2, which is printed at p. 444 of the "Food (Supply and Production) Manual."

Article 6 of the Paper Restriction Order (No. 5) 1917 (p. 286) and Article 23 of the Paper Restriction (Posters and Circulars) Order 1918 (p. 301), make special provision as to contracts interfered with by those Orders.

2. Powers of Court to Suspend or Annul Contract.—Where the application of any party to any contract the Court is satisfied that owing to any restriction imposed by or under the Defence of the Realm Regulations any term of a contract cannot be enforced without serious hardship the Court can suspend or annul the contract on such conditions as it thinks fit (7 & 8 Geo. 5, c. 25, s. 1 (2) (3), pp. 501, 502).

3. Abrogation of Contracts by Board of Trade Order.—An Order of the Board of Trade or an Order of the Army Council as to road material may direct that all contracts or any class of contracts, or any special contract, affected by the order shall be abrogated, or shall remain in force notwithstanding anything in the order but subject to any exceptions or modifications for which provision may be made by the order. (Defence of the Realm Regulations 29 (3), p. 22, as applied to the Army Council as regards road material by Regulation 9GC (5).)

Art. 2 of the Coal Transport Order, 1917 (p. 189), and Art. 2 of the Wholesale Coal Prices Order, 1917 (p. 191), provide for the abrogation of certain contracts for the sale of coal, and Art. 3 of the Road Transport Order, 1917 (p. 306), provides for the abrogation of contracts as to road material.

It is to be noted that Regulation 2hr (p. 5) empowers the Admiralty, Army Council or Minister of Munitions to vary the terms of certain sub-contracts.

It may be also mentioned that by 7 & 8 Geo. 5, c. 25, s. 9 (p. 503) a Member of the House of Commons is relieved from disqualification as to sitting or voting by reason of any contract or agreement he may enter into as to the price to be paid to him for any property of his which may be requisitioned or taken over under a "War Material Supplies Order."

Regulation 8a (p. 9) empowers the Admiralty, Army Council or Minister of Munitions to give directions regulating the priority to be given to work at any factory, workshop or other premises.

The Priority of Work Order (printed in Part III., p. 427 of this Manual) divides all work, and orders for work or materials, in a large number of specified trades and industries into 3 classes and gives priority over other work, first to "Government War Contracts," "Certified War Work," and Merchant Shipping Work certified to be Munitions Work, and secondly to certain special contracts or orders.

Certain of the War Material Supplies Orders printed in Part II. of this Manual provide specially for orders being executed in prescribed priority for:

- Flax, Hemp or Jute goods manufactures (Flax, Hemp and Jute Priority O., 1917, p. 329).
- Oxygen (Oxygen O., 1917, p. 81).
- Paper or paper-making material (Paper Restriction O. (No. 5), 1917, p. 285).
- Spelter, use of for manufactures, &c. (Spelter Control O., 1917, p. 255).
- Steel made by certain processes (Control of Steel Supplies O., 1916, p. 244).
- Steel rods and wire (Control of Steel Supplies (Steel Rods and Wire) O., 1917, p. 248).
- Wool or Hair goods manufactures (Woollen and Worsted Consolidation O., 1917, p. 381).

Regulation 2n (p. 6) empowers the Admiralty, Army Council or Minister of Munitions after consultation with the Board of Trade to give directions for securing precedence for orders for the supply of coal or coke in accordance with their national importance.

VI. Import or Export of War Material.

1. Restrictions on Import of War Materials.

A series of Proclamations prohibit the importation of many classes of war material supplies. Lists of the Proclamations in question, and of the articles of which the import is so prohibited, revised to May 31st, 1918, form Section 1 of Appendix III. (pp. 465-8) to this Manual. The restricted articles are there grouped, so far as possible, under the same plan which has been adopted for the War Material Supplies Orders in Part II. hereof.

By Proclamation of May 10th, 1917, and a series of Amending Orders of Council (of which a list is given at p. 469), the export of many kinds of war material supplies is prohibited except under licence as regards some articles to all, and as regards others only to certain, destinations. Lists of all such articles
of which the export is so restricted, revised to May 31st, 1918, showing in each case whether the prohibition is to all or to which destinations, form Section 2 (1) of Appendix III. (pp. 469-493) to this Manual and the articles are there grouped, so far as possible, under the same plan which has been adopted for the War Material Supplies Orders in Part II. hereof.

Open General Licences have been issued by the Privy Council authorising the exportation of goods, the export of which is by the above named Proclamations and Orders prohibited except to British Possessions and Protectorates, to destinations in certain of such Possessions and Protectorates by certain routes. A Memorandum indicating the Licences which have been so issued is printed at the end of the said section (pp. 493-9). Sections (2) and (3) of the same section consist of statements on the restriction of exports except to specified consignees, and of the prohibitions on export of War Material Supplies to the enemy.

VII. Transport, Storage and Distribution of War Material.

The body of this Manual is restricted to the Regulations and Orders controlling dealings, &c., in and maximum prices of war material, but it may be convenient to give in brief outline the war emergency provisions relating to transport, storage and the like.

1. Transport, Storage, &c.

Regulation 34A of the Defence of the Realm Regulations empowers the Admiralty, Army Council, or Minister of Munitions to require services for the storage, cooling, transport or distribution of any war material.

Regulation 2c (p. 15 of this Manual) confers powers as to the transport and storage of felled timber, and Regulation 34 provides as to the construction of premises in which petroleum and other inflammable liquids are stored. Regulation 2aa empowers the Board of Trade to take possession of land and construct works for increasing coal transport facilities.

2. Control of Means of Transport.

As to the various means of transport it is to be borne in mind that railways, light railways, tramways, highways, canals, and shipping are all now liable to Government control.

The railways of the whole United Kingdom (as regards Great Britain on the outbreak of the war and as regards Ireland in December, 1916) were taken possession of in pursuance of the Regulation of the Forces Act, 1871.

Control over the other "ways of communication" is bestowed by Defence of the Realm Regulations.

Under Regulation 7BBB the Board of Trade can take possession of the permanent way of any light railway or tramway.

The Board of Trade can by order as regards railways generally or any particular railway or part of a railway:—
restrict or prohibit classes of traffic (Reg. 7B (1) (d));
authorise the company to refuse to carry goods by rail when other means of transport exist (Reg. 7B (1) (k)).
The same Board can by order prohibit the carriage of goods of any class by road and prescribe the radius within which they may be so carried (Reg. 239 (1) (c)).

Under Regulation 9r the Board of Trade can take possession of any canal, and thereunder they have by Orders printed in the "Defence of the Realm Manual" taken possession of certain non-railway owned canals: all railway owned canals in the United Kingdom passed into the Board's control with their respective railways.

The Coal Transport Order, 1917 (p. 188), empowers the Board of Trade to place restrictions on the transport of coal.

3. INCREASE OR LIMITATION OF TRANSPORT CHARGES.

Carriage of merchandise by Sea between Great Britain and Ireland.—The Board of Trade may by order authorise an increase beyond the statutory maxima of the charges for carrying goods between Great Britain and Ireland (Reg. 7bb).

The Through Rates (Great Britain and Ireland) Order, 1917 (printed in Part III., p. 276 of the February, 1918, Edition of the "Defence of the Realm Manual") and a further Order of April 26th, 1918 (St. R. & O., 1918, No. 476) authorise the following increased charges (to be allocated to the sea portion of the journey):

Rates for Freight.—Regulation 39bbb empowers the Shipping Controller by order to fix the rates (maxima or minima) to be charged for freight. The Limitation of Freights (French Ports) Amendment Order, 1918 (St. R. & O., 1918, No. 504) fixes the rate of freight for coal, coke, iron and certain other war material supplies carried between certain British and certain French ports. That Order revokes a similar Order (printed pp. 377-382 of the February, 1918, Edition of the "Defence of the Realm Manual") which had effect from February 11th to May 1st, 1918.

Harbour or Dock Rates.—The Board of Trade can by order authorise any harbour or dock undertakers to increase their rates dues or charges beyond the statutory maxima (Reg. 39bb).

Numerous orders have been made under this power: they are all printed as St. R. & O., and a detailed list of those in force (Feb. 28, 1918) printed in Part III., pp. 375, 376 of the February, 1918, Edition of the "Defence of the Realm Manual."

Carriage by Road.—The Board of Trade can by order prescribe the rates at which horses and vehicles may be hired for road transport (Reg. 239 (1) (h)).
VIII. Control of Mines and Petroleum Boring.

Coal, certain metals and minerals, and road-material are "War Material Supplies" and therefore fall within the scope of this Manual: the control exercisable over the mines and quarries from which the material is extracted does not so fall, but is so closely allied to the subjects of this Manual that it may conveniently be referred to.

1. Coal Mines.

Regulation 9g of the Defence of the Realm Regulations empowers the Board of Trade to by Order take possession of any coal mines. In pursuance of this power the Board of Trade have issued two Orders both of which are printed in Part III (pp. 292, 293) of the February, 1918, Edition of the "Defence of the Realm Manual," by the first of which they took possession of the South Wales Coalfield and by the second of all other coal mines in the United Kingdom. Notwithstanding the State Control thus established owners and managers remain liable to the provisions of the Coal Mines Acts which apply not only to coal mines but also to those of stratified ironstone, shale, and fireclay.

Under a recent (April 13th, 1918) addition to the Regulations (Regulation 9g66) the Board of Trade can take possession of coal seams adjacent to mines and get coal therefrom.

Regulation 9gg empowers the Minister of Munitions to take possession of any metalliferous mines or quarries. This power extends to mines of stratified ironstone, shale, or fireclay, which though not "coal mines" are within the Coal Mines Acts. By Order of July 24th, 1917 (p. 294 of the February, 1918, Edition of the "Defence of the Realm Manual"), the Minister took possession of all iron ore mines in the counties of Cumberland and Lancaster. Regulation 9gg (5) confers on the Army Council, so far as regards road stone quarries, like powers to those of the said Minister, and by Order of August 7th, 1917 (ibid, p. 294), the Army Council took possession of all road stone quarries including slag dumps and slag works producing road material but excluding all quarries producing only gravel and flint used as road stone.

On August 15th, 1917, a Bill to make provision with respect to the searching and boring for and the getting of Petroleum in the United Kingdom (H.C. Bill 90, 1917) was introduced in the House of Commons (97 H.C. Deb. 5s., 1187) after debate it received 2nd reading (98 H.C. Deb. 5s., 31-50) and was considered in Committee (98 H.C. Deb. 5s., 1137-1147). On January 14th, 1918, the Bill was withdrawn (101 H.C. Deb. 5s., 131) a new Regulation 2aaa (p. 41 of the February, 1918, Edition of the "Defence of the Realm Manual"), having by Order in Council of January 6th, been added to the Defence of the Realm Code
which empowered persons authorised by the Board of Trade or the Minister of Munitions, but no others to search or bore for and get "petroleum" as thereby defined and for that purpose to enter on and take possession of any land and sink wells and construct works.

IX. Factory Act Legislation.

Administration of Factory and Workshop Acts.—Under the ordinary pre-war legislation the Acts relating to factories and workshops are administered by the Home Office, and those Acts apply, save so far as the Secretary of State exempts particular factories therefrom by Order under Regulation 6A of the Defence of the Realm Regulations, to every factory and workshop.

The Factory and Workshop Acts were consolidated in 1901 (1 Edw. 7, c. 22). That 1901 Act and its amendments confer extensive Order-making powers on the Secretary of State, the Orders made under such powers applying, modifying, or extending the provisions of the Acts. All such Orders are printed and purchasable as Statutory Rules and Orders, and detailed references to all such Orders as in force on December 31, 1915, are given at pp. 258-270 of the "Index to Statutory Powers and Rules and Orders in force December 31, 1915." Since that date the only General Orders made by the Secretary of State were in pursuance of s. 7 (1) of the Police, Factories, &c. (Miscellaneous Provisions) Act, 1916 (6 & 7 Geo. 5, c. 31), for securing the welfare of workers.

Those Orders provide for the supply of drinking water in all factories, &c., in which more than 25 persons are employed (St. R. & O., 1917, No. 1068), for the welfare of employees in tinplate and terneplate factories (St. R. & O., 1917, No. 1035), in factories in which bichromate of potassium or sodium is used in tanning by the "two-bath" process (St. R. & O., 1918, No. 368), in factories in which bichromate of potassium or sodium is used in dyeing other than job-dyeing (St. R. & O., 1918, No. 369) and in factories in which the manufacture of glass bottles or pressed glass articles is carried on (St. R. & O., 1918, No. 558), and for ambulance and first-aid arrangements at blast furnaces, copper Mills, iron Mills, foundries, and metal works (St. R. & O., 1917, No. 1067). Rules under sub-section (6) of the same s. 7 (St. R. & O., 1917, No. 742) provide for the hearing by referees of objections to the making of such welfare Orders.

X. Explosives Act Legislation.

The manufacturing, keeping, selling, carrying and importing of explosive substances is controlled by the Explosives Act, 1875 (38 & 39 Vict., c. 17), and Orders in Council and Secretary of State's Orders thereunder. All such Orders are printed and purchasable as Statutory Rules and Orders. An analytical table showing the purport of each Order and the enabling power as in force on December 31, 1915, forms pp. 253-257 of the "Index
to Statutory Powers and Rules and Orders in force December 31, 1915." Since that date Art. 2 of the Order in Council of March 27, 1905, exempting picric acid from certain restrictions has been revoked (St. R. & O., 1917, No. 704), and the Order in Council of June 11th, 1910, exempting tri-nitro-toluol from certain restrictions has also been revoked (St. R. & O., 1917, No. 898):

XI. Non-Ferrous Metal Industry Act and Rules.

1. INITIATION OF THE LEGISLATION.

The Non-Ferrous Metal Industry Bill was introduced in the House of Commons on November 12th, 1917 (99 H.C. Deb. 5s. 39). After debates (100 H.C. Deb. 5s., 165-207; 1019-1135) it received 2nd reading, and after discussion in Committee of that House (100 H.C. Deb. 5s., 1824-1889; 101, 146-272, 335-460, 1007-1085) it was read a third time and passed. The Bill was also debated in the House of Lords (28 H.L. Deb. 5s., 250-276). On February 6th, 1918, it received the Royal Assent.

2. THE ACT.

The Non-Ferrous Metal Industry Act, 1918 (7 & 8 Geo. 5, c. 67) which forms section 1 of Appendix II. (pp. 452-8) to this Manual prohibits as from August 6th, 1918, dealings without a licence from the Board of Trade in certain specified metals or metallic ores or in any others to which it may be extended by Board of Trade Order; no such extending Order has (May 31st, 1918) been made.

3. RULES UNDER THE ACT.

The Rules made by the Board of Trade under s. 6 of the Act form section 2 of the same Appendix II. (pp. 458-461). They exclude from the restrictions of the Act wholesale dealings in quantities below certain limits and provide as to the grant of and the fee for the licences to be issued by the Board.

Rules of the Supreme Court (printed as section 3 of the same Appendix, pp. 462-4) provide for the determination of questions as to the businesses to which the Act applies, &c., by a Divisional Court of the King's Bench Division of the High Court in England: from that Court there is no appeal.

No corresponding Rules have (May 31, 1918) been made as to the decision of questions by the Court of Session as regards Scotland or by a Divisional Court of the King's Bench Division in Ireland.

In the preparation of this Manual, as in the preparation of all the various Manuals of Emergency Legislation which have been published since the outbreak of the War, the Editor has been in constant communication with the numerous Government Departments concerned, and has received from each and every such Department continued assistance by the aid of which he has attempted to make the information this Manual contains complete and exhaustive.
For the plan of the Manual, the system of arrangement, and the Consolidations of the Steel Supplies Orders and Permits, and the numerous Summaries, Epitomes and Editorial Notes that it contains, and for the Outline of the Legislation as to the Control of War Material Supplies which is comprised in this Introduction, the Editor is alone responsible.

The amount of work involved by the rearrangement under which both the "War Material Supplies" and the "Food Control and Production" Orders are relegated to separate Manuals instead of as heretofore forming part of the "Defence of the Realm Manual," coupled with the difficulties attending printing at the present time, has delayed the appearance of the present Editions of all the Manuals concerned.

The publications are to be obtained as stated on the title page; communications as to the date of appearance, &c., of forthcoming publications should be addressed to the Controller of His Majesty's Stationery Office and not to the Editor.

ALPHABETICAL TABLE OF WAR MATERIAL SUPPLIES WHICH ARE, MAY 31ST, 1918, Subjected to Control by Regulation and Order.

Part II of this the "War Material Supplies Manual" contains the full text of all the published "War Material Supplies" Orders, Notices, and General Permits now (May 31st, 1918) in force.

For the purposes of this Manual the following classes of Orders have not been treated as "War Material Supplies" Orders and are therefore not included herein:

1. Orders of the Food Controller: all such Orders in force on April 30th, 1918, are printed in the edition of that date of the "Food Control Manual." New Editions of that volume will be issued every three months, and the next edition will therefore include all Orders in force on July 31st, 1918;

2. The Orders and Notices of May and June, 1917, of the Minister of Munitions as to Oils, Fats, and Oleaginous Seeds. Nuts and Kernels. These Orders are administered by the Food Controller, and an epitome of them is given at p. 501 of the "Food (Supply and Production) Manual";

3. Orders of the Board of Trade as to Tobacco and Matches: all such Orders in force on February 28th, 1918, will be found at pp. 254-263 of the edition of that date of the "Defence of the Realm Manual."

4. Orders of the Board of Trade as to the retail sale and distribution of Household Coal which will also be found in the last-mentioned Manual; other Orders as to coal are included in this "War Material Supplies Manual."

This Table shows what articles so coming within the scope of this Manual are now (May 31st, 1918) subject to requisition or control, or in which dealings are regulated by such Orders, &c., which Department has made the Order, &c.; the date of such Order, &c., and the page on which it is printed in this Manual.

This Table also shows in which metals certain dealings are prohibited by Regulation 30b (p. 13), and those metals and ores the unauthorised possession of which is a contravention of Regulation 30c (p. 14).
Table of Controlled War Material Supplies.

The Non-Ferrous Metal Industry Act (7 & 8 Geo. 5. c. 67) printed with the Rules thereunder as Appendix II. (pp. 452-464) to this Manual, prohibits as from August 6th, 1918, the winning or refining, &c., of, or wholesale dealing in, certain non-ferrous metals without a Board of Trade licence. A footnote to this effect is in this Table inserted against each metal to which the Act at present (May 31st, 1918) applies, and as to which the restriction will at a future date operate.

Besides the restrictions imposed on dealings in War Material Supplies by the Orders, &c., specified in this Table, restrictions on the Import and Export of the same are prescribed by Proclamations and Orders of Council. An epitome of all the restrictions as to Import and Export in force on May 31st, 1918, is given in Appendix III. to this Manual (pp. 465-500).

PART I.

DEFENCE OF THE REALM REGULATIONS EMPOWERING THE MAKING OF WAR MATERIAL SUPPLIES ORDERS.

2. Concurrent Powers of Admiralty, Army Council and Minister of Munitions, p. 3.
4. Powers of Army Council and Board of Trade as to Timber, p. 15.
5. General and Special Powers of Board of Trade, p. 16.

1. Explanatory Note.

Regulations comprised—This Part of this Manual comprises such of the Defence of the Realm Regulations as confer on the Admiralty, the Army Council, the Minister of Munitions, the Board of Trade, and the Controller of the Stationery Office, powers of making the "War Material Supplies Orders" which form Part II. hereof.

Grouping adopted.—Those enabling Regulations do not form a consecutive series in the Defence of the Realm Code, being in part additions thereto made by various amending Orders in Council, and in part adaptations of portions of the Code effected by Treasury Order. They however lend themselves to the arrangement here adopted, that of five Groups.

Of these the first Group comprises Regulations conferring concurrent powers on the Admiralty, Army Council and Minister of Munitions of making Orders requisitioning and regulating the Manufacture of, or Dealings in, War Material Supplies, and of varying Contracts.

The second Group comprises one Regulation which empowers the Minister of Munitions to effect economies in light, etc., with a view of increasing the production of war material.

The third Group comprises Regulations conferring on the Army Council and the Board of Trade special powers as to trees and timber.

The fourth Group comprises Regulations empowering the Board of Trade to make Orders for maintaining or regulating the Supply of Articles of Commerce other than food. Besides their powers...
under the Regulations of this second group, the Board of Trade have under two of the Regulations (2b and 7) of the first group requisitioning powers concurrent with those of the Admiralty, &c. Certain Regulations confer special powers on the Board of Trade as to horses and vehicles, and as to motor spirit, and these special Regulations are here printed at the end of this fourth group. Regulation 960 (5) gives the Army Council as respects road material the like general powers as are exercisable by the Board of Trade as respects articles of commerce.

The last Group comprises Regulations empowering the Controller of the Stationery Office to make Orders requisitioning Articles required for Government service and to vary contracts.

Powers of Food Controller excluded.—Those portions of the Defence of the Realm Regulations which confer powers on the Food Controller and the numerous Orders made by him in pursuance thereof are printed in the “Food Control Manual,” of which new Editions are issued every three months, the latest published one being revised to April 30th, 1918. Both the Regulations and Orders in question are outside the scope of the present Manual, for they relate to the Maintenance of “Food Supply,” as contrasted with the “Supply of War Materials,” and therefore the Regulations empowering Orders as to War Materials have been reproduced in this Manual with the following variations from the form they assume in the General Code.

Those Regulations or paragraphs of Regulations which as appearing in the said Code primarily apply to the Food Controller but which by Regulation 2W (1) or otherwise are extended with adaptations to the Board of Trade, are reproduced in the form which they appear to assume as conferring powers on that Board, and therefore in that which they take with respect to matters within the scope of the present Manual. All paragraphs, or portions, of Regulations which are printed in this Manual in the form they appear to assume as thus adapted and applied, instead of that in which they occur in the Orders in Council amending the Regulations, are denoted by thick black lines.

Control of Mines, Transport and Employment.—This Manual is strictly confined to the Control of particular articles forming War Material Supplies: therefore though it comprises the Regulations and Orders as to metals, it does not comprise those relating to mines. Nor does it cover the State Control which has been established over the various means of Transport, nor the power of requiring Services as to Storage, &c., Transport or Distribution, nor the restrictions on Employment, Building Work, New Retail Businesses, Exhibitions, &c. But an outline of the provisions governing these matters will be found in the Introduction at the beginning of the Volume.
2. Concurrent Powers of Admiralty, Army Council, and Minister of Munitions. (a)

[Note.—All the Regulations printed in this Group confer concurrent powers on the Admiralty, Army Council, and Minister of Munitions.

The concluding paragraphs of two of these Regulations (2b and 7) empower the Board of Trade to exercise as regards certain articles the requisitioning powers thereby conferred. Those paragraphs are here reproduced in the form they appear to assume as applied to the Board of Trade by Regulation 2jj (1) instead of in that in which as applying primarily to the Food Controller (whose Powers and Orders are outside the scope of the present Manual) they appear in the Defence of the Realm Code, the portions of the Regulations so varied being denoted by thick black lines.

Regulation 2jj (3) (p. 46) conferred on the Board of Trade as respects trees and timber and articles manufactured therefrom the like powers as are given by Regulations 2e and 15c to the Army Council, and Regulation 9gg (5) conferred on the Army Council as respects road material the like powers as are exercisable by the Board of Trade under Regulations 2e to 2j as reproduced with adaptations in this Manual.

The text of the Orders made under all these enabling powers forms Part II. of this Manual—the general Priority of Work Orders being relegated to a separate Part III.

An outline of the provisions as to the constitution of the Admiralty, Army Council, and Ministry of Munitions, and as to the trial and prosecution of offences against the Regulations and the Orders thereunder is given in the Introduction to this Manual, and the provisions as to the proof and construction of the enabling Regulations and of the Orders are comprised in Appendix V. hereto.]

(a) Tribunal for Compensation Claims.—On March 31st, 1915, a Royal Commission ("The Defence of the Realm (Losses) Commission") was appointed, the terms of reference of which (printed at length at pp. 367, 368 of Supplement No. 3 to the Manual of Emergency Legislation) are as follows:—

"to inquire and determine, and to report what sums (in cases not otherwise provided for) ought in reason and fairness to be paid out of public funds to applicants who (not being subjects of an enemy State) are resident or carrying on business in the United Kingdom, in respect of direct and substantial loss incurred and damage sustained by them by reason of interference with their property or business in the United Kingdom through the exercise by the Crown of its rights and duties in the defence of the Realm."

The Commissioners thereby appointed are empowered—

(i.) to call before them such persons as they shall judge likely to afford them any information upon the subject of the Commission: and also to call for, have access to and examine all such books, documents, registers and records as may afford them the fullest information on the subject, and to inquire of and concerning the premises by all other lawful ways and means whatsoever.

The Commissioner further provides that if the Commissioners deem it expedient, the powers and privileges conferred on them shall belong to, and may be exercised by, any one or more of them, and that they shall, from time to time, report to the Treasury.

The (May 31st, 1918) present members of the Commission are:—

Lord Terrington (chairman);
Sir Matthew G. Wallace;
Mr. E. Shortt, K.C., M.P.; and
The Rt. Hon. Mr. Laurence Hardy, M.P.

Mr. D. du Bois Davidson is Secretary to the Commission, whose address is Spencer House, 27, St. James' Place, S.W.1.

(b) Determination of Price.—The terms on which a sub-contract may be varied under Regulation 2BB (p. 5) are if a sub-contractor so requires determinable in the manner and in accordance with the principles prescribed by this Regulation 2B. The Board of Trade\(b\) may as respects any article of commerce not being an article of food, exercise the like powers as are by this regulation conferred on the Admiralty, Army Council, and Minister of Munitions, where it appears to the Board necessary or expedient to exercise any of those powers for the purpose of encouraging, maintaining or regulating the supply of any such article which is required by the public or by any section of the public or which is otherwise required for the public safety or defence of the Realm, and this regulation shall apply accordingly.

\(2^{\text{BB}}\) Where the Admiralty or Army Council or the Minister of Munitions have entered into a contract with any person (hereinafter referred to as "the principal contractor") for the supply to them of any goods or services, and for the purposes of such contract a sub-contract has after the thirteenth day of June nineteen hundred and seventeen been made with any other person (whether such sub-contract is made with the principal contractor or any sub-contractor), and it appears to the Admiralty or Army Council or the Minister of Munitions that the rate of profit earned or to be earned by the sub-contractor in respect of the sub-contract is unreasonable or excessive, the Admiralty or Army Council or the Minister of Munitions may (whether or not the sub-contract has been completed) issue a certificate to that effect and may by order vary the terms of the sub-contract by the substitution therefor of such terms as they may think fair and reasonable, and require the sub-contractor—

If any sub-contractor in respect of whom such an order is made fails to comply with any of the requirements contained in the order, he shall be guilty of an offence against these regulations(a):

Provided that if the sub-contractor does not agree to the terms fixed by the Admiralty or Army Council or the Minister of Munitions, he may require the terms to be determined in the manner and in accordance with the principles prescribed by Regulation 2b, (b) without prejudice however to his obligation in the meantime to comply with the terms of the order.

In the event of the Admiralty or Army Council or the Minister of Munitions exercising the powers conferred upon them by this regulation, the price payable by them to the principal contractor under the principal contract shall be reduced by such an amount, not exceeding the amount of the saving to the principal contractor due to the exercise of such powers, as may be determined by the Admiralty or Army Council or the Minister of Munitions.

This regulation shall apply where the Admiralty or Army Council or the Minister of Munitions have required the occupier of any factory or workshop to place at their disposal the whole or any part of the output of the factory or workshop as if the occupier had contracted with the Admiralty or Army Council or the Minister of Munitions to supply such output or part thereof at the price payable therefor as ascertained in accordance with Regulation 7.(c)

description or any article required for or in connection with the
production thereof, and if any person refuses to sell any article
the sale whereof is regulated by any such order, he may be
required by the Admiralty or Army Council or the Minister of Munitions to sell it on the terms and subject to the conditions on
and subject to which the sale thereof is authorised by the order,
and to deliver it to them or to any person or persons named by

by the Admiralty, or Army Council, or Minister of Munitions
under these regulations, the whole or any part of the output of
any factory or workshop or any goods have been delivered to or

of the Court of Session in Scotland, or of a judge of the High
Court of Ireland selected by the Lord Chief Justice of Ireland in

requisitioned and to the rate of profit usually earned in respect of
the output of such factory or workshop before the war, and to
whether such rate of profit was unreasonable or excessive, and to
any other circumstances of the case.

[Note.—For the purpose of enabling His Majesty’s Stationery Office to obtain stores and other articles, and the execution of printing and other work, required for the service of His Majesty and the various Government Departments, Regulation 8EE of the Defence of the Realm Regulations empowered the Treasury to by order apply, with the necessary adaptations, to the Controller of His Majesty’s Stationery Office the provisions of certain specified Regulations of the Defence of the Realm Code and provided that those Regulations as so applied and adapted should have effect as if they formed part of that Code.

Regulations 2B, 2BB, 7, 8, 8A and 15C are hereunder printed in the adapted form in which they have been so applied to the Controller of the Stationery Office by Treasury Order (St. R & O., 1918, No. 242) which has effect as from March 1st, 1918. The Treasury Order also applied to the said Controller Regulations 29A and 34A of the said Code, but those Regulations being outside the main scope of this Manual are not here reproduced.]

2B. It shall be lawful for the Controller of His Majesty’s Stationery Office to take possession of any stores or other articles required for the service of His Majesty or any Government Department.

Where any goods, possession of which has been so taken, are acquired by the Controller of His Majesty’s Stationery Office, the price to be paid in respect thereof shall in default of agreement be determined by the tribunal by which claims for compensation under these regulations are, in the absence of any express provision to the contrary determined.(a)

In determining such price(b) regard need not be had to the market price but shall be had—

(a) if the goods are acquired from the producer thereof, to the cost of production and to the rate of profit usually earned by him in respect of similar goods before the war and to whether such rate of profit was unreasonable or excessive, and to any other circumstances of the case;

(b) if the goods are acquired from any person other than the producer thereof, to the price paid by such person for the goods and to whether such price was unreasonable or excessive, and to the rate of profit usually earned in respect of the sale of similar goods before the war, and

(b) Determination of Price.—The terms on which a sub-contract may be varied under Regulation 2BB (p. 5) are if a sub-contractor so requires determinable in the manner and in accordance with the principles prescribed by this Regulation 2B. Regulation 7 (p. 7) provides for the determination of the price of factory-output requisitioned thereunder.
to whether such rate of profit was unreasonable or excessive, and to any other circumstances of the case; so, however, that if the person from whom the goods are acquired himself acquired the goods otherwise than in the usual course of his business, no allowance, or an allowance at a reduced rate, on account of profit shall be made:

Provided that where by virtue of these regulations or any order made thereunder the sale of the goods at a price above any price fixed thereunder is prohibited the price assessed under this regulation shall not exceed the price so fixed.

If, after the Controller of His Majesty's Stationery Office has issued a notice that he has taken or intends to take possession of any stores, or article in pursuance of this regulation, any person having control of any such stores or article (without the consent of the Controller of His Majesty's Stationery Office) sells, removes, or secretes it, or deals with it in any way contrary to any conditions imposed in any licence, permit, or order that may have been granted in respect thereof, he shall be guilty of a summary offence (a) against these regulations.

2BB. Where the Controller of His Majesty's Stationery Office has entered into a contract with any person (hereinafter referred to as "the principal contractor") for the supply to him of any goods or services, and for the purposes of such contract a sub-contract has after the 1st day of April nineteen hundred and eighteen been made with any other person (whether such sub-contract is made with the principal contractor or any sub-contractor), and it appears to the Controller of His Majesty's Stationery Office that the rate of profit earned or to be earned by the sub-contractor in respect of the sub-contract is unreasonable or excessive, the Controller of His Majesty's Stationery Office may (whether or not the sub-contract has been completed) issue a certificate to that effect and may by order vary the terms of the sub-contract by the substitution therefor of such terms as he may think fair and reasonable, and require the sub-contractor—

(a) to carry out the sub-contract in whole or in part in accordance with the terms as so varied; and

(b) either in addition thereto or, as an alternative therefor to adjust the price of any goods already supplied or any services already rendered in accordance with the terms so varied, and to account to the other party to the sub-contract for any consequential reduction in price:

Provided that no order made under this regulation shall affect the price of any goods supplied or services rendered under any

sub-contract where the sub-contract has been completed and the payment has been made more than one year before the date of the order.

If any sub-contractor in respect of whom such an order is made fails to comply with any of the requirements contained in the order, he shall be guilty of a summary offence(a) against these regulations:

Provided that if the sub-contractor does not agree to the terms fixed by the Controller of His Majesty’s Stationery Office he may require the terms to be determined in the manner and in accordance with the principles prescribed by Regulation 2B.(b) without prejudice however to his obligation in the meantime to comply with the terms of the order.

In the event of the Controller of His Majesty’s Stationery Office exercising the powers conferred upon him by this regulation, the price payable by him to the principal contractor under the principal contract shall be reduced by such an amount, not exceeding the amount of the saving to the principal contractor due to the exercise of such powers, as may be determined by the Controller of His Majesty’s Stationery Office.

This regulation shall apply where the Controller of His Majesty’s Stationery Office has required the occupier of any factory or workshop to place at his disposal the whole or any part of the output of the factory or workshop as if the occupier had contracted with the Controller of His Majesty’s Stationery Office to supply such output or part thereof at the price payable thereof as ascertained in accordance with Regulation 7.

7. The Controller of His Majesty’s Stationery Office may by order require the occupier of any factory or workshop in which stores or any article required for the service of His Majesty or any Government Department are or may be manufactured, or in which any operation or process required in the production, alteration, renovation or repair thereof is or may be carried on or in which printing or other work required for such service as aforesaid is or may be carried on to place at his disposal the whole or any part of the output of the factory or workshop as may be specified in the order, and to deliver to him or to any person or persons named by him the output or such part thereof as aforesaid in such quantities and at such times as may be specified in the order: and the price to be paid for the output so requisitioned shall, in default of agreement, be determined by the arbitration of a judge of the High Court selected by the Lord Chief Justice of England in England, of a judge of the Court of Session

(b) Determination of Terms of Variance of Sub-contract.—Regulation 2B (p. 3) provides that the Defence of the Realm Losses Commission (as to which see footnote (a) to Regulation 2B as printed at p. 4) shall be the determining tribunal and prescribes the principles on which the terms are to be determined.
selected by the Lord President of the Court of Session in Scotland, or of a judge of the High Court of Ireland selected by the Lord Chief Justice of Ireland.

In determining such price regard need not be had to the market price, but shall be had to the cost of production of the output so requisitioned and to the rate of profit usually earned in respect of the output of such factory or workshop before the war, and to whether such rate of profit was unreasonable or excessive, and to any other circumstances of the case.

If the occupier of the factory or workshop fails to comply with the order, or without the leave of the Controller of His Majesty’s Stationery Office delivers to any other person any part of the output of the factory or workshop to which the order relates, he shall be guilty of a summary offence against these regulations.

For the purpose of ascertaining the amount of the output of any factory or workshop or any plant therein and the cost of production of such output, and the rate of profit usually earned in respect of the output of such factory or workshop before the war, the Controller of His Majesty’s Stationery Office may require the occupier of any such factory or workshop, or any officer or servant of the occupier, or where the occupier is a company any director of the company, to furnish to the Controller of His Majesty’s Stationery Office such particulars as to such output, cost, and rate of profit as he may direct, and may require any such particulars to be verified in such manner as he may direct, and if any such persons fail to comply with any such requirement he shall be guilty of a summary offence (a) against these regulations.

8. The Controller of His Majesty’s Stationery Office may take possession of any factory or workshop or of any plant belonging thereto without taking possession of the factory or workshop itself, and may use the same for the service of His Majesty or of any Government Department at such times and in such manner as the Controller of His Majesty’s Stationery Office may consider necessary or expedient, and the occupier and every officer and servant of the occupier of the factory or workshop, and where the occupier is a company, every director of the company, (b) shall obey the directions of the Controller of His Majesty’s Stationery Office as to the user of the factory or workshop or plant, and if he fails to do so he shall be guilty of a summary offence (a) against these regulations.

(a) "Summary Offence."—See Section IV. 6 of the Introduction to this Manual.

(b) Offences by Company Directors, &c.—Regulations 48A of the Defence of the Realm Regulations provides that every director and officer of a corporation or company shall be guilty of an offence against the Regulations committed by his corporation or company unless he proves that the act constituting the offence took place without his knowledge or consent.
8A. It shall be lawful for the Controller of His Majesty's Stationery Office:

(a) to require any work in any factory or workshop to be done in accordance with the directions of the Controller of His Majesty's Stationery Office, given with the object of making the factory or workshop or the plant or labour therein as useful as possible for the production of stores and other articles, or the execution of printing or other work, required for the service of His Majesty or any Government Department and to require returns as to the nature and amount of work done in any factory or workshop;

(b) to regulate or restrict the carrying on of any work in any factory, workshop or other premises, or the engagement or employment of any workman, or all or any classes of workmen, therein, or to remove the plant therefrom, with a view to maintaining or increasing the production of such articles or the execution of such work in other factories, workshops or premises; and the occupier and every officer and servant of the occupier of the factory, workshop, or premises, and any other person affected by any such directions, regulations, or restrictions, and where the occupier is a company, every director of the company, shall obey the directions, regulations, or restrictions of the Controller of His Majesty's Stationery Office so given, and if he fails to do so he shall be guilty of a summary offence(a) against these regulations.

Where under this Regulation any return has been required or any directions regulating the priority to be given to work at any factory, workshop, or other premises, have been given, and any person in any such return, or in any certificate or document given or issued for the purpose of securing priority for any work in pursuance of such directions, makes any false statement or false representation, he shall be guilty of a summary offence(a) against these regulations.

15C. The Controller of His Majesty's Stationery Office may by order require any person engaged in the production, manufacture, purchase, sale, distribution, transport, storage, or shipment of any stores and other articles, or the execution of printing or other work, required for the service of His Majesty or any Government Department to give such particulars as to his business as may be specified in the order, and may require any such particulars to be verified as he may direct, and if any person fails to comply with the order or with any requirement made thereunder, he shall be guilty of a summary offence(a) against these regulations.

If any person, except as authorised by the Controller of His Majesty's Stationery Office, discloses or makes use of any information given to him under this regulation he shall be guilty of a summary offence(a) against these regulations.

PART II.

WAR MATERIAL SUPPLIES ORDERS.

ORDERS INCLUDED; CLASSIFICATION AND ARRANGEMENT.

For the purposes of this Manual the following classes of orders have not been treated as "War Material Supplies" Orders and are therefore not included herein:

(1) Orders of the Food Controller; all such Orders in force on April 30th, 1918, are printed in the edition of that date of the "Food Control Manual." New Editions of that Manual will be issued every three months, and the next edition will therefore include all Orders in force on July 31st, 1918.

(2) The Orders and Notices of last May and June of the Minister of Munitions as to Oils, Fats, and Oleaginous Seeds, Nuts and Kernels. These Orders are administered by the Food Controller and an epitome of them is given at p. 501 of the "Food (Supply and Production) Manual";

(3) Orders of the Board of Trade as to Tobacco and Matches; all such Orders in force on February 28th, 1918, will be found at pp. 254–263 of the edition of that date of the "Defence of the Realm Manual."

(4) Orders of the Board of Trade as to the retail sale and distribution of Household Coal which will also be found in the last mentioned Manual; other Orders as to Coal are included in this "War Material Supplies Manual."

The "War Material Supplies" Orders as printed in this Part II of the Manual have been divided into 13 groups, and certain of these into sub-groups, according to the class of article which is the subject of control.

Where an Order falls under more than one group or sub-group its text is printed in that group to which it seems principally to belong, the heading being repeated by way of cross-reference under each other group or sub-group, to which it in part belongs.
Thus, "The War Material (Insurance) Permit, 1916," which relates to the insurance of Optical Munitions is printed under group 9, but as it also relates to the insurance of Whale Oil and of Aluminium and Platinum it is cross-referred to under group 2 (11) "Whale Oil," and also under group 7 (1) "Aluminium" and (16) "Platinum."

In the Lists prefixed to each group or sub-group the Orders falling within the same are enumerated in the alphabetical sequence of their short titles, but in the text the sequence of the Orders of each group or sub-group is that of their date of issue.

The Alphabetical Table immediately preceding Part I, affords a rapid means of ascertaining whether any particular article is or is not controlled, and if controlled, how.

The Minister of Munitions, in exercise of the powers conferred upon him by the Defence of the Realm Regulations and of all other powers enabling him, hereby orders as follows:

1. This Order shall take effect as on and from the 17th October, 1917,(d)

(a) Schedule to this Order.—A new schedule of maximum prices taking effect on and after 1st June, 1918, has been substituted for the schedule to this Order by the Sulphuric Acid (Amendment of Prices) Order, 1918, printed p. 66.

(b) The Schedule.—A new schedule of maximum prices taking effect on and after 1st June, 1918, has been substituted for the schedule to this Order, which is printed pp. 65–66 of the First Edition of this Manual, by the Sulphuric Acid (Amendment of Prices) Order, 1918, printed p. 66, below.

(c) Short Title of Order.—The Short Title was conferred by the "Ministry of Munitions (Citation of War Material Supplies Orders) Order, 1918," printed in Appendix V to this Manual.

(d) Duration of Order.—This Order has been superseded by the Compound Fertilisers Order, 1918 (published in the London Gazette, June 4th, 1918), made June 4th, 1918, whilst this Manual was in the press, and taking effect as on and from June 6th, 1918.
2. For the purposes of this Order the maximum prices for Compound Fertilisers shall be as follows:—

(a) In the case of sales for delivery free on rail, cart, barge, or ship at maker’s works, the basis price for Compound Fertilisers of the description sold or purchased to be arrived at as provided in Clause 6 of this Order with the addition of a charge for mixing or compounding, bags and bagging, not exceeding 22/6 per ton.

(b) In the case of sales for delivery elsewhere than at maker’s works the maximum prices authorised under paragraph (a) with the following additions, namely:

(i) In the case of sales for delivery ex vendor’s store or shop or ex warehouse, the following extra distribution charges according to the quantity of Fertiliser included in the sale, namely:

<td>5/- per ton.</td>
</tr>
<tr>
<td>1 ton and over, but less than 4 tons</td>
<td>10/-</td>
</tr>
<tr>

<td>1/- per cwt.</td>
</tr>
<tr>
<td>1 cwt. and over, but less than 2 cwt.</td>
<td>1/6</td>
</tr>
<tr>
<td>Less than 1 cwt.</td>
<td>2/-</td>
</tr>
</tbody>
</table>

(ii) In the case of sales for delivery ex railway goods yard or public wharf, an extra distribution charge at the rate of 2/6 per ton of Fertiliser included in the sale.

(iii) In the case of all sales for delivery elsewhere than at maker’s works all costs of transport of the Fertiliser from maker’s works to place of delivery, any cartage or haulage to be charged at local rates.

3. On sales of two tons and upwards by makers to Agricultural Merchants and Dealers or to Co-operative Companies and Societies incorporated or registered under the Industrial and Provident Societies Acts or any other Act the maximum prices fixed by clause 2 of this Order shall be reduced by a discount or allowance to the purchaser, such discount to be 5/- per ton where the maximum price of the Fertiliser (after deduction of such discount) is less than £6 per ton, and 7/6 per ton where the maximum price (after deduction of a 5/- discount) is £6 per ton or upwards.

4. The maximum prices fixed by this Order are net prompt cash prices for Compound Fertiliser in maker’s or vendor’s bags or other packages. Where credit is given to the purchaser a reasonable extra charge may be made, provided that the discount allowed for net prompt cash is quoted on the invoice, and is such as to bring the net prompt cash price within the maximum authorised. If purchaser’s bags or other packages are used a reasonable allowance shall be made. Where one ton or upwards of Fertiliser is sold for delivery in bags containing not more than 1 cwt. each an extra charge of 5/- per ton may be made beyond the maximum price which would otherwise have been authorised.
5. The maximum prices fixed by the foregoing provisions of this Order are for sales of Fertilisers for delivery during December, 1917. In the case of sales of Fertilisers for delivery during other months, the maximum prices are in each case to be reduced or increased 1/- per ton per month, according as the month for delivery precedes or is subsequent to December, 1917, but with a maximum increase of 5/- per ton, e.g., the maximum prices for sales for October, 1917, delivery will be 2/- less per ton, while the maximum prices for sales for May and June, 1918, delivery will be 5/- more per ton than the maximum prices fixed as above for sales for December, 1917, deliveries.

6. For the purpose of Clauses 2 and 7 of this Order the basis price for any Compound Fertiliser shall be the aggregate value of the Nitrogen Phosphates and Potash contained in the Fertiliser when valued at the respective unit rates specified in the First Schedule hereto, and distinguishing in the case of Nitrogen between the two classes of Nitrogen, and in the case of Phosphates between the different descriptions of Phosphates, also specified in the First Schedule. In arriving at such basis price nothing shall be allowed or added for the value of any constituents other than Nitrogen, Phosphates and Potash contained in the Fertiliser.

7. As on and from the date on which this Order takes effect no person shall sell any Compound Fertiliser without giving to the purchaser on or before or as soon as possible after delivery an invoice stating—

(a) The percentage contained in such Compound Fertiliser of each of the following constituents contained therein, namely:—(i) Class I Nitrogen, (ii) Class II Nitrogen, (iii) Water soluble Phosphate, (iv) Citric soluble Phosphate, (v) Insoluble Phosphate, and (vi) Soluble Potash, all as more particularly defined in the First Schedule hereto (such percentages to be stated accurately in the case of each constituent within the limits of error specified in the Second Schedule hereto);

(b) The maximum unit rates authorised to be charged for each of such constituents as specified in the first schedule hereto;

(c) The basis price for such fertiliser in which may, however, be included any charge made for credit;

(d) All additions made to such basis price in arriving at the actual price charged for such fertiliser (including the maker’s charge, not exceeding 22/6 per ton, for mixing and compounding; bags and bagging); and

(e) The price charged for the fertiliser, and where such price includes an extra charge for credit, the discount allowed for net prompt cash.

8. The foregoing provisions of this Order shall not apply to any sale of Compound Fertiliser for export from the United Kingdom, nor to any sale of any quantity of Compound

Fertiliser not exceeding 28 lbs., nor to any sale of Compound Fertiliser in quantities exceeding 28 lbs. where such Fertiliser is sold for horticultural purposes packed in special bags, tins, boxes or cartons, each branded or marked with the maker's or vendor's name and address, and the words "Horticultural Fertiliser" and containing not more than 28 lbs. But save as aforesaid no person shall as on and from the date on which this Order takes effect sell or purchase or offer to sell or purchase any Compound Fertiliser at a price exceeding that prescribed by this Order as the maximum price (having regard to quantity, composition, packages, date and terms of delivery) for such sale. Provided that no person shall be liable to conviction for:—

(a) Selling a Compound Fertiliser at a price in excess of the maximum price prescribed by this Order if the invoice given to the purchaser, as required by Clause 7 of this Order, states accurately within the limits of error allowed by that clause the percentages of the different constituents therein referred to contained in the Fertiliser sold, and the price charged and stated on such invoice does not exceed the correct maximum price on the basis that the percentages stated in such invoice are correct, or

(b) Purchasing any Compound Fertiliser at a price exceeding the maximum price unless the price agreed to be paid by him is to his knowledge in excess of the maximum price authorised for such purchase.

9. All persons engaged in producing, making, selling, distributing or storing Compound Fertilisers, shall make such returns with regard to their businesses, and shall verify the same in such manner (including production of their books to any accredited representatives of the Minister of Munitions) as shall from time to time be required by or under the authority of the Minister of Munitions.

10. For the purpose of this Order and the Schedules hereto, the following expressions shall have the following meanings:—

The Act shall mean the Fertilisers and Feeding Stuffs Act, 1906.(a)

(a) Fertilisers and Feeding Stuffs Act, 1906.—That Act (6 Edw. 7. c. 27) provides for warranties on sale of fertilisers and empowers a purchaser or official sampler to obtain an analysis. Besides the chief analysts there is an agricultural analyst for each county, and councils of county boroughs in England and Ireland and town councils in Scotland may also appoint analysts. The Act is administered by the Agricultural Departments for England, Scotland and Ireland respectively who are empowered to make Regulations. The six sets of Regulations made by the Board of Agriculture and Fisheries (St. R. & O., 1906, Nos. 940, 945 ; 1907, No. 752 ; 1908, Nos. 963, 964 ; and 1910, No. 90) relate mainly to the taking of samples, method of analysis and limit of error; they have effect throughout Great Britain, having been made before the English Boards powers were as regards Scotland transferred to the Scottish Board by 1 and 2 Geo. 5, c. 49, ss. 4 (11), 28 (2). The Irish Regulations (St. R. & O., 1910, No. 146) were consolidated in 1910.
The Regulations shall mean the Fertilisers and Feeding Stuffs (Methods of Analysis) Regulations, 1908. (a)

Potash shall mean compounds of Potassium calculated as Potassium Oxide soluble in water or acid as provided by the Regulations.

Unit shall mean 1 per cent. by weight in 1 ton of Compound Fertiliser.

Compound Fertiliser shall mean any Fertiliser or substance sold for use as a Fertiliser of which the ingredients are or contain Nitrogen, Phosphates and Potash or any two of these constituents and in which either such constituents have been brought together or the percentage of any one or more of them has been increased or reduced by artificial mixing, but shall not include any substance containing in the natural state two or all of the said constituents, or any Fertiliser made by dissolving or treating any such natural substance without any such artificial mixing as aforesaid.

Maker shall mean a Mixer or Compounder of Compound Fertilisers.

11. The provisions of this Order shall not apply to a sale by a maker to a consumer of two or more Fertilisers or substances neither of which is by itself a Compound Fertiliser as above defined, notwithstanding that it is one of the terms of the purchase that the Fertilisers or substances purchased are to be artificially mixed or compounded by the maker before delivery, provided that an invoice is given to the consumer on or before or as soon as possible after delivery which states the quantity and price of each of the Fertilisers or substances included in the mixture or compound as delivered and the charge made for mixing or compounding, bags and bagging.

12. Nothing contained in this Order shall be held to vary or supersede any of the provisions of the Act or any Regulations made thereunder or to exempt any person from compliance with any of the provisions or requirements of such Act or Regulations applicable to sales or purchases of Compound Fertilisers.

Note.—All applications in reference to this Order should be addressed to the Director of Acid Supplies, Ministry of Munitions, Department of Explosives Supply, Storey’s Gate, Westminster, S.W. 1, and marked “Fertilisers.”

(a) Regulations.—The Regulations referred to (St. R. & O., 1908, No. 964) apply throughout Great Britain. The corresponding Regulations for Ireland form St. R. & O., 1910, No. 146.

**THE FERTILISERS PRICES ORDER, 1918, DATED APRIL 30, 1918,**

**MADE BY THE MINISTER OF MUNITIONS.**

Whereas the Minister of Munitions considers it necessary to regulate sales and purchases of Superphosphate, Sulphate of Ammonia and Ground Basic Slag in manner hereinafter appearing and in particular by fixing maximum prices at which sales may be effected.

And whereas the Minister of Munitions considers it necessary to provide for equalising, so far as possible, the cost of distribution of the said Fertilisers by rail or water throughout the United Kingdom, and, for this purpose, to prohibit sales of the same by makers or producers for transport by rail or water, except upon a delivered basis and at delivered prices, including, in every case, a fixed sum per ton to cover the estimated average cost of distribution, and to be accounted for by the makers or producers to the Minister or any other Government Department nominated by him for the purpose, by whom any costs of distribution by rail or water in excess of such estimate will be borne.

Now, therefore, the Minister of Munitions, in exercise of the powers conferred upon him by the Defence of the Realm Regulations, and of all other powers enabling him, hereby Orders as follows:—

1. This Order shall take effect as on and from the 1st May, 1918.

2. For the purposes of this Order the maximum prices for Superphosphate, Sulphate of Ammonia, and Ground Basic Slag respectively shall (except as hereinafter otherwise expressly provided) be as follows:—

   (a) In the case of sales of any of the said fertilisers for delivery in railway trucks at purchaser’s or consumer’s siding or nearest railway station, or free ex barge or ship at purchaser’s or consumer’s wharf or other available wharf approved by the purchaser, or,
in the case of shipments to the Channel Islands or the Isle of Man, f.o.b. at port of shipment, or, in the case of shipments of Ground Basic Slag to Ireland, c.i.f. at Irish port, the following prices, namely:—

(i) In the case of all sales (other than sales, by makers or producers, of smaller quantities than two tons) the respective prices specified in the first, second and third schedules hereto for Superphosphate, Sulphate of Ammonia and Ground Basic Slag respectively, according to the date on which, under the terms of the contract for sale, delivery is to be made, and to the description and quality of the fertiliser delivered, but with the addition, in the case of sales of Ground Basic Slag for delivery in Ireland (otherwise than c.i.f. Irish port), of all charges incurred in delivering the Ground Basic Slag from the ship in port of arrival in Ireland to place of delivery, any charges for cartage, haulage or warehousing of such Ground Basic Slag or other services to be charged at not exceeding local rates.

(ii) In the case of sales, by makers or producers, of any of the said fertilisers in smaller quantities than two tons, the same prices as those specified under paragraph (d) of this clause for sales of the same fertiliser in similar quantities ex vendor’s store or shop or ex warehouse.

(b) In the case of sales for delivery at maker’s or producer’s works free into road vehicles provided by the purchaser or consumer for conveyance direct by road to purchaser’s or consumer’s premises, the following prices, namely:—

(i) In the case of all sales (other than sales, by makers or producers, of smaller quantities than two tons) the prices specified in subparagraph (i) of paragraph (a) above, less 10s. per ton.

(ii) In the case of sales, by makers or producers, of smaller quantities than two tons, the same prices as those specified under paragraph (d) of this clause for sales of the same fertiliser in similar quantities ex vendor’s store or shop or ex warehouse.

(c) In the case of sales for delivery direct by road from maker’s or producer’s works to purchaser’s or consumer’s premises in road vehicles provided by the maker or producer, the prices specified under paragraph (b) above, with the addition of the cost of cartage or haulage from the works to the purchaser’s or consumer’s premises, to be charged at not exceeding local rates.
(d) In the case of sales for delivery ex vendor's store or shop, or ex warehouse (other than maker's or producer's store or warehouse at point of manufacture), the prices specified under sub-paragraph (i) of paragraph (a) above, with the addition of the following amounts, according to the quantity of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag (as the case may be) included in the sale:—

and with the addition also (in the case of sales for delivery ex vendor's store or shop, where such store or shop is distant more than two miles from the nearest railway station or wharf available for the delivery of the fertiliser in railway truck, ship or barge) of the extra cost of carting or hauling the fertiliser by road from such railway station or wharf to such store or shop over the cost of carting the same a distance of two miles, such cost to be charged at not exceeding local rates.

(e) In the case of sales for delivery ex railway goods yard or public wharf, the prices specified under sub-paragraph (i) of paragraph (a) above, with the addition of 2s. 6d. per ton in the case of sales of one ton or less, but without any addition in the case of sales of more than one ton.

(f) In the case of sales for delivery direct by road or barge from vendor's store or shop, or from warehouse, railway goods yard, or public wharf to consumer's premises, the prices authorised under paragraphs (d) and (e) above for sales of the same fertiliser in similar quantities ex such store, shop, warehouse, yard, or wharf, plus the cost of cartage, haulage or barging, to be charged at not exceeding local rates.

The above prices (other than those authorised under paragraphs (b) and (c)) include, in every case, a sum of 12s. 6d. per ton to cover the estimated average cost which will be incurred by makers and producers in distributing the said fertilisers by rail or water throughout the United Kingdom (or in the case of Ground Basic Slag throughout England, Scotland and Wales and to Irish ports), which sum of 12s. 6d. per ton shall be accounted for in every case by makers and producers receiving the same as hereafter provided.
3. On sales of two tons or upwards by makers or producers to Manure Mixers, Agricultural Merchants or Dealers, or Cooperative Companies or Societies incorporated or registered under the Industrial and Provident Societies’ Act, (a) or any other Act, the maximum prices fixed by clause 2 of this Order shall be reduced by a discount or allowance to the purchaser of—

5s. per ton in the case of Superphosphate.
10s. ” ” ” Sulphate of Ammonia.
5s. ” ” ” Ground Basic Slag.

4. The maximum prices fixed by the foregoing provisions of this Order are net cash prices for Superphosphate, Sulphate of Ammonia and Ground Basic Slag in maker’s or vendor’s bags, net weight excluding weight of bags. Where credit is given to the purchaser, a reasonable extra charge may be made, provided that the discount allowed for net cash is quoted on the invoice and is such as to bring the net cash price within the maximum authorized. If purchaser’s bags or other packages are used, or the purchaser takes delivery in bulk without bags, a reasonable allowance shall be made to the purchaser. Where one ton or upwards is sold for delivery in bags containing less than 2 cwt. each, a reasonable extra charge may be made beyond the maximum prices which would otherwise have been authorised.

5. As on and from the date on which this Order takes effect no person shall sell or purchase, or offer to sell or purchase any Superphosphate, Sulphate of Ammonia, or Ground Basic Slag, except for delivery as specified in one or other of the sub-paragaphs of clause 2 of this Order, and at a price not exceeding that prescribed by this Order and the first, second, and third schedules hereto respectively as the maximum price for such sale, having regard to the description and quantity of the fertiliser sold, quality, packages, and date for the terms of delivery; nor shall any maker or producer of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag, sell any of the said fertilisers for delivery as mentioned in paragraphs (a), (d), (e) or (f) of clause 2 of this Order, without bringing into account and dealing with the sum of 12s. 6d. per ton (included in the prices authorised by such paragraphs to be charged on such sales) in manner specified in the scheme for equalising costs of distribution of Superphosphate, Sulphate of Ammonia, and Ground Basic Slag, set out in the fifth schedule hereto. Provided that:

(a) A vendor of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag shall not be liable to conviction for selling at a price in excess of the maximum price prescribed by this Order for such sale, if the invoice given to the purchaser, as required by clause 6 of this Order, states accurately within the limits of error specified in the fourth schedule hereto, the percentage of Phosphate rendered soluble in water, ammonia, or

(a) Industrial and Provident Societies Act.—56 and 57 Vict. c. 39.
Fertilisers Prices Order, 1918.

2. Arms, &c.
(3) Acid Supplies.

The total phosphate (as the case may be) contained in the Superphosphate, Sulphate of Ammonia, or Ground Basic Slag sold, and the price charged and stated on such invoice does not exceed the correct maximum price on the basis that the percentage stated in such invoice is correct; and

(b) A purchaser of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag shall not be liable to conviction for purchasing at a price exceeding the maximum price, unless the price agreed to be paid by him is to his knowledge in excess of the maximum price authorised for such purchase.

6. As on and from the date on which this Order takes effect no person shall sell any Superphosphate, Sulphate of Ammonia, or Ground Basic Slag, without giving to the purchaser, on or before or as soon as possible after delivery an invoice stating accurately within the limits of error specified in the fourth schedule hereto:

(a) In the case of Superphosphate, the percentage (calculated in terms of tri-basic Phosphate of Lime) of phosphate rendered soluble in water, contained in the Superphosphate delivered.

(b) In the case of Sulphate of Ammonia, the percentage of Ammonia $(\text{NH}_3)$ by weight contained in the Sulphate of Ammonia delivered; and

(c) In the case of Ground Basic Slag, the percentage (calculated in terms of tri-basic Phosphate of Lime) of total Phosphate contained in the Basic Slag delivered, and also, in the case of all three fertilisers, stating the price charged, together with any further particulars required to be stated on such invoice by any of the provisions of this Order or the schedules hereto.

7. None of the foregoing provisions or restrictions of this Order as regards maximum prices chargeable or otherwise shall apply to:

(a) Any sales of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag, for export from the United Kingdom to any country other than the Channel Islands or the Isle of Man.

(b) Any sales of any of the said fertilisers in quantities less than 14 lbs.

(c) Any sales of any of the said fertilisers for delivery prior to the 1st June, 1918.

(d) Any sales of Sulphate of Ammonia for use in the manufacture of munitions of war or other industrial purposes.

8. As on and from the date on which this Order takes effect, the provisions of the scheme for equalising costs of distribution of Superphosphate, Sulphate of Ammonia, and Ground Basic Slag set out in the fifth schedule hereto, shall be binding upon all makers or producers of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag, and upon the Minister of Munitions, or any
other Government Department to which, by arrangement with the Minister of Munitions, the carrying out of the said scheme may be delegated; and any balances becoming payable by any such makers or producers to the Minister of Munitions, or any other such Government Department as aforesaid under the provisions of such scheme shall be recoverable as Crown debts.

9. As on and from the date on which this Order takes effect:—
   
   (a) No person shall sell (for delivery on or after the 1st June, 1918) any Sulphate of Ammonia which is to be used in the manufacture of munitions of war or for other industrial purposes, except under a licence issued by or under the authority of the Minister of Munitions, and in accordance with any terms and conditions of such licence as to quantity, price, mode of delivery, or otherwise.

   (b) No person shall sell any Superphosphate or Ground Basic Slag, nor any Sulphate of Ammonia which is to be used for fertilising purposes, for delivery (on or after the 1st June, 1918) in railway trucks at purchaser’s or consumer’s siding or otherwise as mentioned in paragraph (a) of clause 2 of this Order, except under and in accordance with the terms and conditions of a licence(a) issued by or under the authority of the Minister of Munitions, or any other Government Department or body nominated by him for the purpose.

   (c) No maker or producer of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag shall, except under and in accordance with the terms and conditions of a licence issued as mentioned in paragraph (b) of this clause, either (i) sell to any person any Superphosphate or Ground Basic Slag, or any Sulphate of Ammonia which is to be used for fertilising purposes, for delivery (on or after the 1st June, 1918) ex railway goods yard or public wharf, or (ii) sell any of such fertilisers for delivery (on or after that date) as mentioned in paragraph (b) or (c) of clause 2 of this Order to any person other than a consumer purchasing the same for consumption on his own premises.

   (d) No person shall, except under and in accordance with the terms and conditions of a licence issued as mentioned in paragraph (b) of this clause, consign or despatch any Superphosphate or Ground Basic Slag, nor any Sulphate of Ammonia which is to be used for fertilising purposes, by rail (other than light railway) to or for delivery to any person in smaller quantities than four tons, otherwise than as part of a total consignment of not less than four tons of goods made from the same point of departure to the same final railway destination at the same time.

(a) Licence.—A general licence to Agricultural Merchants and Dealers has been issued and is contained in the “Notice” printed at the end of this Order.
2. Arms, &c. (3) Acid Supplies.  

10. All persons engaged in producing, manufacturing, selling, distributing, or storing Superphosphate, Sulphate of Ammonia, or Ground Basic Slag, or in any manufacture in which the same or any of them are used, shall make such returns with regard to their businesses, and shall verify the same in such manner (including production of their books to any accredited representatives of the Minister of Munitions), as shall from time to time be required by or under the authority of the Minister of Munitions.

11. This Order and the Fertilisers and Feeding Stuffs Act, 1906, (a) shall operate and have effect independently of one another, and nothing contained in this Order shall be held to exempt any person from compliance with any of the provisions or requirements of such Act, or any Regulations made thereunder, applicable to sales or purchases of Superphosphate, Sulphate of Ammonia, or Ground Basic Slag; nor shall any of the provisions of the said Act or Regulations be held to govern or affect any of the requirements or provisions of this Order, or any proceedings instituted in respect of any breach hereof.

12. This Order supersedes the Orders relating to Superphosphates, made by the Minister of Munitions on the 20th August, 1917, (b) the 17th November, 1917, (c) and the 28th March, 1918, (d) respectively, so far as regards all sales of Superphosphate, for delivery on or after the 1st June, 1918, made on or after the date on which this Order takes effect.

13. For the purposes of this Order "Superphosphate" shall mean Superphosphate of Lime manufactured from Mineral Phosphate, but shall not include Basic Superphosphate, Bone Superphosphate, Dissolved Bones, Bone Meal, Bone Compound, Guano, or Compound Manures; and Sulphate of Ammonia used for the manufacture of Compound Fertilisers shall be deemed to be used for fertilising purposes, and not for industrial purposes.

For Sulphate of Ammonia containing more than 24\(\frac{1}{2}\) per cent. by weight of Ammonia, the above maximum prices shall be increased by 3s. 3d. per ton for each complete one-fourth of 1 per cent. (calculated on the total weight of the Sulphate of Ammonia) by which the Ammonia contents are more than 24\(\frac{1}{2}\) per cent., whilst for Sulphate of Ammonia containing less than 24\(\frac{1}{2}\) per cent. by weight of Ammonia, the above maximum prices shall be reduced by 3s. 3d. per ton for each one-fourth of 1 per cent. or fraction of one-fourth of 1 per cent. (calculated as aforesaid), by which the Ammonia contents are less than 24\(\frac{1}{2}\) per cent.

For Sulphate of Ammonia containing less than 0.025 per cent. of free acid, an additional charge at the rate of 5s. per ton may be made by the vendor, provided that the invoice given by the vendor to the purchaser states such additional charge separately, and contains a guarantee by the vendor that the free acid contained in the Sulphate does not exceed 0.025 per cent.

For Sulphate of Ammonia which is specially ground or pulverised at the request of the purchaser, an extra charge (not exceeding 5s. per ton) may be made for special grinding, provided that such extra charge is separately stated on the invoice given to the purchaser as aforesaid.

The above increases or reductions in the maximum prices chargeable shall not apply to any sale of less than 2 cwt. of Sulphate of Ammonia.

The above prices for all qualities are the maximum prices for sales of Ground Basic Slag for delivery between September 1st, 1918, and February 28th, 1919. In the case of sales of Ground Basic Slag for delivery during other periods, the maximum prices for all qualities will be less than the prices set out above, in accordance with the following table, namely:

- **Period for delivery.**
  - During June, 1918: ... 4s. per ton.
  - " July, 1918: ... 3s. "

  - " May, 1919: ... 4s. "

The above prices for all qualities are for Basic Slag ground in such a way that at least 80 per cent. of the total weight will pass through a sieve containing 10,000 apertures to the square inch. Where Basic Slag is sold less finely ground, an allowance off the above maximum prices shall be made to the purchaser at the rate of 3d. for each 1 per cent. (calculated on the total weight of the Basic Slag) by which the quantity which will pass through such sieve as aforesaid is less than 80 per cent., but with an additional allowance at the rate of 9d. for each 1 per cent. (calculated as aforesaid) by which the quantity which will pass through such sieve is less than 75 per cent. The invoice to be given to purchasers as required by clause 6 (c) of the above Order shall state in every case the percentage of the total weight of Basic Slag delivered which will pass through a sieve containing 10,000 apertures to the square inch.

For Ground Basic Slag packed in special bags for carriage by sea an extra charge at the rate of 2s. 6d. per ton may be made.

FIFTH SCHEDULE.

SCHEME FOR EQUALISING COSTS OF DISTRIBUTION OF SUPERPHOSPHATE, SULPHATE OF AMMONIA AND GROUND BASIC SLAG.

1. Each maker or producer of Superphosphate, Sulphate of Ammonia or Ground Basic Slag (hereinafter called "the maker") shall open with the Minister of Munitions or any other Government Department nominated by him for this purpose (hereinafter called "the Government") an account entitled "Delivery charges on Fertilisers."

2. The Government shall be debited in such account with the costs of carriage incurred by the maker in delivering Superphosphate, Sulphate of Ammonia or Ground Basic Slag of his own manufacture sold by him at any time on or after the date on which the above Order takes effect for delivery between the 1st June, 1918, and the 31st May, 1919 (or such other date as may hereafter be fixed by the Minister), and actually delivered between those dates. Provided that except as otherwise expressly authorised by or under the authority of the Government from time to time, either generally or in the case of any particular sale on delivery by the maker:

(a) The costs of carriage to be debited to the Government in the said account shall be the actual costs incurred by the maker, after deducting all rebates, discounts, and allowances whatsoever.

(b) Nothing shall be debited to the Government in the said account in respect of costs of carriage on (i) sales for delivery as mentioned in paragraphs (b) and (c) of clause 2 of the above Order, or (ii) sales of any of the four classes specified in clause 7 of the above Order.
(c) Only costs of carriage by rail or water shall be debited to the Government in the said account, and nothing shall be debited in respect of costs of loading or of cartage, whether from maker's works to railway station or wharf for putting on rail, barge, or ship, or at any other point of transit, except as otherwise expressly below mentioned.

(d) The costs which may be debited to the Government shall include:

(i) Demurrage incurred on railway wagons and vessels, if due to causes not within the control of the maker or the consignee.

(ii) In the case of carriage by water, insurance and shipping charges actually incurred, and also dock dues, if any.

(iii) In the case of transport partly by rail and partly by water, for which a through rate is not obtainable, any costs of cartage from rail to ship, or from ship to rail, and of putting on board or on rail at point of transfer.

(iv) In the case of sales for export to the Channel Islands or the Isle of Man, the costs of putting on board at port of shipment.

(e) The cheapest available route by rail or water must be adopted for all consignments, and in default the maker may not debit the Government with any extra costs of carriage incurred.

(f) No sales shall be made by the maker for delivery by rail or water in contravention of any general or special instructions or directions which may from time to time be given by or under the authority of the Government, or of any of the terms or conditions of the licence under which the same is made, and should any such sales be made, no costs of carriage incurred in delivering the fertiliser may be debited to the Government in the said account.

(g) In cases where Superphosphate, Sulphate of Ammonia, or Ground Basic Slag is consigned by the maker to his own local store for subsequent delivery or distribution:

(i) The cost of carriage by rail or water between the works and the store may be debited to the Government, such debit to be made when the fertiliser has been sold and delivered.

(ii) Where such store has been approved by the Government for the supply of such maker of Superphosphate, Sulphate of Ammonia and Ground Basic Slag, or any one or more of such fertilisers, to any particular district (but
2. Arms, &c.

(3) Acid Supplies.

not otherwise) any further costs of carriage by rail or water incurred by the maker in delivering Superphosphate, Sulphate of Ammonia, and/or Ground Basic Slag (as the case may be) from such store to purchasers or consumers within such district, may be debited to the Government; and in addition, where the fertiliser is delivered into such store on or before the 31st December, 1918, the Government may also be debited with a further sum of 5s. per ton (in the case of Superphosphate and Sulphate of Ammonia) and 2s. per ton (in the case of Ground Basic slag) to cover the cost of putting the fertiliser into and out of store, and

(iii) Where such store has been specially approved by the Government for this purpose (either generally) or as regards one or two only of the said three fertilisers there may also be debited to the Government any costs (not chargeable to the purchaser under paragraphs (d) and (f) of clause 2 of the above Order) of cartage or haulage of the Superphosphate, Sulphate of Ammonia, and/or Basic Slag (as the case may be), into such store from the nearest or other approved railway station or wharf, provided that the same is delivered into such store on or before the 31st December, 1918.

The method of ascertaining the percentage of Pitch contained in any oil supplied for fuel purposes shall be as follows:

About 100 grams of the Fuel Oil is weighed into a tarred Wurtz flask of about 50 cc. capacity, and distilled until the thermometer, placed in the vapour with the bulb just below side tube of flask shows a temperature of 350° C. (corrected). The weight of the residue is taken, and its percentage found by multiplying by 100 and dividing by the weight of fuel oil taken. The difference between the percentage of residue at 350° thus found and 100 shall be taken as the percentage of distillate to 350°.

From the percentage of residue at 350° thus found, one-tenth of the percentage of distillate at 350° shall be deducted, and the difference thus found shall be taken as the percentage of pitch present in the sample.

Thus for example, if on testing in the above specified manner the percentage of residue at 350° is found to be 40 per cent., and the percentage of distillate at 350° to be 60 per cent., then

\[
\text{Percentage of Pitch} = 40 - \text{one-tenth of 60.}
\]

\[
= 40 - 6
\]

\[
= 34 \text{ per cent.}
\]

In addition to the above maximum prices the sum of 5s. per ton may be charged for each ton of oil for fuel purposes supplied containing Creosote Oil and Pitch in any of the proportions hereinbefore mentioned to cover the cost of reheating, mixing, straining through a one-sixteenth inch mesh and testing, provided that the distillation shall have been carried to 350° C. or over, and that the mixtures supplied shall not contain more than 1 per cent. of water or 5 per cent. of ash or a greater percentage of free carbon after being strained as above mentioned than the amounts specified hereunder:

A commission not exceeding 2½ per cent. in addition to the sums mentioned above may be charged by brokers, dealers and merchants.

The prices mentioned in this schedule are for oil or fuel delivered free on rail or barge at the sellers' works or at the nearest station or wharf into the purchasers' tank cars or barges, and sold according to the producers' weights and measurements. In cases where the seller supplies the tank cars an additional charge of 20s. for each 2,200 gallons capacity per week for the use of such cars is permitted.

In the case of Creosote Oil delivered from such Ocean installations as shall be approved by the Minister of Munitions, an additional charge of 3d. (three-eighths of a penny) per gallon is permitted, which increase shall cover all charges for insurance, pumping and such other expenses as are usually defrayed by the purchaser.

The cost of analysis, measurement and sampling if required by the purchaser may be charged in addition to the maximum prices above specified.

The cost of barrels (including coopering and filling) and the hire of barges used for transport may be charged for at current rates.

FORM OF SPECIAL PERMIT.

To.................................

...................................

You are hereby permitted until further notice
(a) to buy, sell or deal in; or
(b) offer or invite an offer or propose to buy, sell or deal in; or
(c) enter into negotiations for the sale or purchase of or other dealing in the war material specified in the Schedule hereto (hereinafter referred to as "Machine Tools") subject to the following conditions:

1. Reporting of Orders.—No orders for machine tools—whether new or second-hand—shall be accepted by any manufacturer, importer, merchant, or dealer without the sanction in writing of the Minister of Munitions. Forms for this purpose may be obtained on application.

The decisions of the Minister will be recorded in the right-hand column of the application form thus:

"Accept."
"Decision deferred pending investigation."
"Refuse."

(a) SHORT TITLE OF PERMIT.—The Short Title was conferred by the "Ministry of Munitions (Citation of War Material Supplies Orders) Order, 1918," printed in Appendix V to this Manual.

(b) PARTIAL WITHDRAWAL OF PERMIT.—This Permit was withdrawn by the Machine Tools and Power Machinery Permit Notice, 1917, (p. 163) except as respects Insurance.

2. Prices for New Machine Tools.—A permit-holder shall not increase his prices beyond those charged by him on July 1st, 1915, unless the consent in writing of the Minister has been first obtained. In the case of machine tools of a type not dealt in by the permit-holder prior to July 1st, 1915, all prices proposed to be charged shall be submitted to the Minister for approval.

3. Prices for Second-hand Machine Tools.—The prices charged for second-hand machine tools shall not exceed, without the sanction in writing of the Minister, 80 per cent. of the current market price for new tools of the same kind or new tools of a different make but capable of doing the same work.

4. Unnecessary Fittings, &c.—Manufacturers shall (a) eliminate all unnecessary finish in the way of polish and machining; (b) omit unnecessary fittings; and (c) confine the painting of the machine tools to a single coat of chocolate-coloured paint, and dispense with all fillings.

5. Sub-contracts.—Manufacturers shall not place orders for machine tools with sub-contractors without the sanction in writing of the Minister being first obtained.

In cases where sanction is given and the principal contractor supplies drawings and patterns and also supervises the work, the price charged to the customer shall not exceed 10 per cent. added to the price paid to the sub-contractor when more than six machines of a similar type are sub-contracted at one time.

In cases where over three and not more than six are sub-contracted 12½ per cent. may be added to the price paid to the sub-contractor, and where three or less are sub-contracted at one time 15 per cent.

If the principal contractor supplies working drawings only, a charge not exceeding 5 per cent. upon the maker’s price shall be made.

6. Merchants.—Machine tools must not be purchased by merchants or dealers except from the manufacturer, and must not be sold except to the actual user.

(Note.—A principal contractor who has, with the consent of the Minister, placed a sub-contract for the manufacture of machine tools to his own patterns and drawings is deemed to be a manufacturer for the purpose of this regulation and can therefore sell to a merchant in cases where the order is approved by the Minister.)

A machine tool not supplied direct by the manufacturer to the user must bear the name of the merchant ordering the tool or the name of the manufacturer. When the merchant’s name only is given the words "made for" shall be added.

The merchant’s profit shall not exceed 10 per cent. on the maker’s price. This condition does not apply to second-hand tools or to tools under the value of £10.
5. Machinery, Tools, &c.

(9) Machine and Small Tools, Power and other Machinery.

Merchants may purchase machine tools from importers only in cases where the importer has received special permission from the Minister to deal through merchants, and where the price to the user is not increased thereby.

Merchants may sell to exporters in cases where an order is sanctioned in writing by the Minister and the profit does not exceed 10 per cent. on the maker's price.

In cases where a merchant acts as an exporter and sells to a customer abroad, these price conditions do not apply, though the prices charged will be regarded by the Minister as an important factor when considering the desirability of sanctioning orders for machine tools proposed to be exported to British Colonies, to the Dominions, or to Allied Countries.

7. Importation of Machine Tools.—No machine tools may be imported into the United Kingdom except under licence of the Board of Trade. Before such licences are granted the importer is required to enter into a special undertaking limiting his profits, &c.

8. Machine Tools for Allies.—Permission to accept orders for machine tools intended for Allied Countries will only be given in cases where the orders are approved by the Commission Internationale de Ravitaillement, India House, Kingsway, London, W.C. 2, and also by the Minister of Munitions. Manufacturers should ascertain whether their orders receive the approval of the Commission before these orders are submitted for the sanction of the Minister.

It has been arranged with the Commission Internationale that the prices charged by manufacturers shall not exceed those in force in this country so far as existing agreements between manufacturers and their agents in Allied Countries permit.

When special allowances have to be made to agents the prices actually obtained by the manufacturer shall not exceed the prices that would have been received had the machines been supplied for use in this country, and any additions made to cover special agency commissions must be clearly shown.

The last mentioned condition is only imposed where no credit is given and where the money is paid in this country; if an additional amount is to be charged in a case where credit is to be given and/or the money is not to be paid in this country, a statement to that effect shall be added and the additional amount disclosed.

9. Machine Tools for Colonies.—Orders for machine tools for the British Colonies and Dominions are subject to the same conditions as to prices, reporting, &c., as obtain in connection with machine tools supplied for use in this country.

10. Machine Tools for Neutrals.—Permission will not be given to supply machine tools for use in neutral countries unless the circumstances are of a very special nature.
11. General.—Additional conditions may be issued by circular to the trade from time to time, and must be carried out by permit-holders even although they may not be embodied in the conditions printed above.

On behalf of the Minister of Munitions.

Director of Machine Tools.

The foregoing prices are based on grades consisting of dry and clean Swarf; and of Scrap containing not more than 8 per cent. of moisture and/or dirt.

In the case of Scrap, if over 8 per cent. of moisture and/or dirt be present the material may be classified as wet and/or dirty and a cent. per cent. deduction made from the prices on sale to the Refiner for all moisture and/or dirt present above 8 per cent. The price for Scrap on sale to the Refiner may be further reduced by an amount not exceeding £5 per ton for any Scrap containing 20 per cent. or more of dirt.

In the case of Swarf, a cent. per cent. deduction may be made from the prices on sale to the Refiner for any moisture and/or dirt present. In addition to the total percentage thereof deducted a
further sum may be deducted equal to the cost of melting an amount of dry and clean Swarf equal to the amount of moisture and/or dirt present, such cost of melting being taken for this purpose to be £12 10s. per ton.

Oil is included in the term moisture. By dirt is to be understood any foreign solid matter, including oxide of aluminium, free iron and other metals, and ordinary shop sweepings.

The Refiner shall ascertain if the Scrap and Swarf contains more than 0.7 per cent. of alloyed iron. If it does, the price on sale to the Refiner shall be reduced 1 per cent. for every 0.1 per cent. of alloyed iron in excess of 0.7 per cent.

In the event of a difference arising between the Seller and the Refiner as to the grade of the material, the price to be paid by the Refiner, or as regards any other question under the above provisions, the decision of the Director of Materials shall be final.

Applications for Permits should be made to the Director of Materials, A.M.2(H), Hotel Victoria, Northumberland Avenue, (a) London, W.C.2, and marked "Aluminium Permit."

4. This Order shall not apply to any sale of coal for export or any sale of coal for the manufacture of patent fuel for export or any sale of coal to be used on any ship.

5. No person shall sell or buy or offer to sell or buy any coal at a price exceeding the maximum price hereby fixed.

If the Controller deems it desirable to hear the parties *viva voce*, he may appoint a person to hear the evidence and arguments and report to him. The decision of the Controller shall be final and binding on all parties to the reference, and the Arbitration Act, 1889, shall not apply thereto.

7. If any person acts in contravention of this Order, or aids or abets any other person in doing anything in contravention of this Order, that person is guilty of a summary offence against the Defence of the Realm Regulations, and if such person is a corporation or company every director and officer of the corporation or company is guilty of the like offence, unless he proves that the contravention took place without his knowledge or consent.

8. The Controller shall be responsible to, and is hereby authorised by the Board of Trade to take all measures that are needed to give effect to this Order.

He may suspend from time to time and for any period, and in any district or part of a district the operation of all or any of the articles of this Order or parts thereof as he thinks fit, and may restore such operation.

MAXIMUM PRICE FOR TERNEPLETS.—28s. per basis box, i.e., 2s. below the basis price of Coke Tinplates.

This price is based upon tin at £240 per ton; for each rise or fall of £20 per ton above or below this figure, 1½d. basis to be added to or deducted from the basis price of the Terneplates.

To the maximum prices and extras for Tinplates and Terneplates a sum not exceeding two per cent. on such prices may be added in the case of sales made by persons other than the makers or their agents, plus the actual cost of delivery from works to destination.

In the case of dealings between merchant firms it is not permissible for each of them to add such two per cent., as in no case must the cost to the ultimate consumer be beyond two per cent. over the said maximum prices plus carriage charges.

Merchant stock holders delivering from their own warehouses (not public warehouses) are permitted to sell from their stock at the maximum prices plus the maximum addition of seven-and-a-half per cent. on such prices, exclusive of inwards and outwards carriage. This seven-and-a-half per cent. will include the merchants’ commission of two per cent., and is not in addition thereto.

EXPLANATORY NOTES.

(a) Subject to any directions or regulations which may be given or made by the Director of Glassware Supply applicable to the manufacture of glass and glassware and to any priority directions a manufacturer may without licence accept any orders for glass and glassware, other than chemical and medical glass (excluding bottles) and electric lamp glass and glass tubing and rod, and manufacture the glass and glassware required to carry out such orders.

(b) As all chemical and medical glassware (excluding bottles) and electric lamp glass and glass tubing and rod are subject to the provisions of Clause 2 of the above Order, no materials of this kind may be manufactured or supplied or delivered by a manufacturer unless the requirements of that clause have been complied with.

(c) In order to obtain the approval referred to under Clause 2 (b) of the above Order it will be necessary for ordering firms to submit their Orders in duplicate to the said Director, accompanied by a covering letter setting out the purpose for which the glass and glassware are required. If approved, one copy of the Order will be forwarded direct to the manufacturer duly certified and the other copy will be retained by the said Director. An advice will be sent to the ordering firm indicating the action taken in respect of such order.

(d) Licences may be granted to manufacturers under Clause 2 (c) of the above Order to accept and carry out orders from dealers for reasonable quantities of the glass and glassware affected by that clause for the purpose of stock or export. Licences may also be given to manufacturers to manufacture limited quantities of such glass and glassware for their own stock or export. Licences to manufacturers to manufacture for their own stock may be given in such a form as will make it unnecessary to obtain any further licence for disposing of or dealing in the glass or glassware manufactured under such licence except in the case of electric lamp glass. A dealer who has obtained any glass or glassware in compliance with the provisions of Clause 2 of the above Order will not require any further licence for disposing of or dealing in such glass or glassware, except in the case of electric lamp glass.

(e) In the case of electric lamp glass to be supplied by a dealer and not by a manufacturer in order to obtain the licence of the said Director for the purchase or sale of or other dealing in electric lamp glass situated in the United Kingdom, the order on the dealer for which a licence is desired must be submitted in duplicate to the said Director accompanied by a covering letter setting out the purpose for which the glass is required. If approved, one copy of the order will be forwarded direct to the dealer and the other copy will be retained by the said Director. An advice will be sent to the ordering firm indicating the action taken in respect of such orders. No licences to purchase, sell or deal in electric lamp glass situated in the United Kingdom will be granted unless these conditions have been complied with.
(f) No licence is required under the above Order to be obtained for the purchase or sale of or other dealing in glass and glassware situated or to be manufactured outside the United Kingdom other than those types of glass and glassware affected by Clauses 4 and 5 of the above Order.

(g) In order to obtain the licence of the said Director for the purchase or sale of or other dealing in any glass or glassware of the types affected by Clauses 4 and 5 of the above Order situated or to be manufactured outside the United Kingdom, full details must be submitted in duplicate of the glass and glassware which it is proposed to buy, sell or deal in, accompanied by a covering letter stating the purpose for which the glass and glassware is required and to whom it is to be supplied. If approved, one copy of such details will be certified as licensed and returned to the person submitting it, who must be the actual importer of the glass and glassware in question, and such certificate will constitute his authority for the purchase, sale or other dealing. No further licence will be required to dispose of or deal in such glass and glassware except electric lamp glass, provided nothing to the contrary is specified in the licence issued as authority for purchase, sale or delivery. A licence given to an importer to buy, sell or deal in glass and glassware situated or to be manufactured outside the United Kingdom may be in such a form as will make it unnecessary for any further licence to be obtained, whether by the seller or the buyer for disposing of or dealing in such glass and glassware except in the case of electric lamp glass.

(h) A licence to buy, sell or deal in glass and glassware situated or to be manufactured outside the United Kingdom will only be given on condition that the importer renders to the said Director full and accurate returns of his imports, stock and deliveries of glass and glassware in accordance with the directions from time to time given by the said Director.

(i) Special attention is directed to Clause 7 of the above Order relating to the necessity of obtaining import and other permits and licences which are or may be from time to time required.

Provided that if, on the application of the Buyer, as provided for by the Instructions under this Order, the appropriate Committee is satisfied that the price at which the cotton is sold exceeds the higher of the alternative limits of price imposed above they may reduce the price to the higher of the alternatives and the contract shall be completed accordingly.

5. No person shall wilfully make any false statement or representation or put forward any false document to the said Committees on any such applications as aforesaid.

6. Infringements of the Order are summary offences subject to penalties under the Defence of the Realm Regulations.

Schedule A.

RATIONING OF WOOLS, TOPS AND YARNS FOR CIVIL ORDERS—

ART. 4, p. 337.(a)

Part I.—Manufacturers and Spinners.

1. Supplies of Wool, Tops, Yarn, etc., available for civil consumption shall be handed over by the Board of Control to the existing distribution committees to be distributed between individual firms in a fair and equitable manner. Such committees shall be known in future as Rationing Committees, and shall have power to add to their number.

The existing Spinners' Section Committee shall act for and be responsible to the Board of Control for the rationing of wools and tops to worsted spinners.

2. (a) A Joint Rationing Committee, composed of representatives of the District Rationing Committees, shall be set up in order to deal with general questions affecting all the rationing Committees, and the meetings of such Joint Committees shall be held in Bradford.

(b) The Joint Rationing Committee shall be constituted as follows, and the representatives shall be nominated by the District Rationing Committees concerned:

7 members representing West Riding Rationing Committees,
    of which 3 shall be worsted spinners.
1 member representing West of England Rationing Committee.
2 members representing Scottish Rationing Committee.
1 member representing Welsh Rationing Committee.
1 member representing Irish Rationing Committee.
2 members representing Midlands Rationing Committee.
1 member representing Carpet and Felt Trades' Rationing Committee.

7 members representing Labour interests.
1 member representing Yarn Merchants' Committees.

Representatives elected by the District Rationing Committees should, as far as possible, be members of the Board of Control.

3. The basis of distribution as between district and district shall be determined by the Joint Rationing Committee and should any Joint Rationing Committee be dissatisfied with the allocation made to it by the Joint Rationing Committee, the matter shall be referred to the Board of Control for determination.

4. In accordance with the system which has hitherto obtained in making distribution, priority in supplies shall not be given for any particular class of civil trade, and the present system of cloth merchants' certificates shall be abolished.

5. In order to ensure that each individual manufacturer who buys all or part of his yarns obtains his fair share of the yarn

(a) HEADINGS OF SCHEDULES.—These have been inserted by the Editor, and do not form part of the Order as issued.
made from the wool or tops allocated to spinners, the following system of Manufacturers’ Certificates shall be arranged:—

Within the first fourteen days of each month every manufacturer shall be required to supply to each spinner from whom he has received yarn during the preceding month a certificate showing the aggregate net weight of such yarn.

A statement of such returns shall be furnished not later than the 21st of the month, by each spinner to the Secretary of the Manufacturers’ Committee, War Department, Cloth Office, Bradford.

In the event of the Manufacturers’ Committee finding the necessity of revising any individual manufacturer’s allocation, due notice of such intention shall be furnished to the Spinners’ Committee, who shall in turn convey the decisions to the spinners concerned. Any revision which necessitates a reduction of a spinner’s deliveries shall not come into operation in the case of white yarns for one month after the date of such notice, and in the case of coloured or mixture yarns for three months after the date of such notice.

The operation of this scheme will automatically cancel all sub-certificates then existing.

Every spinner shall account, by means of monthly returns, for the whole of the yarn delivered by him during that month.

6. The basis of distribution as between individual spinners shall be the consumption in 1916 and the average number of spindles effecting such consumption. Regard shall be had to Army Contracts and the fortnightly returns of consumption.

7. The basis of distribution as between individual manufacturers of cloth shall be the consumption for civil purposes in 1916 and the average number of looms effecting such consumption.

8. The basis of distribution between individual manufacturers of hosiery shall be the consumption of yarn for all purposes in 1916, from which shall be deducted the requirements of such machinery as is engaged on Government work in each period.

9. Manufacturers who run worsted spinning machinery in addition to looms or knitting frames shall apply on spinners’ forms for wool and tops, and on manufacturers’ forms for yarn (including that which will be produced by their own spindles).

All wools or tops for the worsted spinning plant of such firms shall be dealt with by the Spinners’ Sectional Committee. It will be necessary for such manufacturers to issue certificates for yarn from their weaving department to their spinning department.

10. The District Rationing Committees shall themselves, or by means of sub-committees, deal with cases of genuine hardship or other special cases, and shall hear the appeal of any applicant who may think that his application has not been dealt with fairly.
11. The District Rationing Committees shall be instructed to report to the Board of Control cases of wilful infringement of the Defence of the Realm Regulations, and the Board of Control shall then take such action as they may think desirable.

Part II.—Yarn Merchants, &c.

A.—For Export of Yarn.

12. A notice shall be published through the District Rationing Committees, the press, certain Chambers of Commerce and Associations, &c., stating that the Board of Control are now prepared to receive applications from (a) spinners desirous of exporting yarn direct, and (b) merchants desirous of obtaining yarn for export in yarn.

13. The Export Yarn Rationing Committee shall be informed by the Joint Rationing Committee of the total quantities of yarn permitted for each of the Allies, the Colonies, and other countries. The Export Yarn Rationing Committee shall submit their recommendations from time to time to the Joint Rationing Committee, who may authorise the issue of Rationing Certificates to spinners and export yarn merchants as follows:

(a) The Secretary of the Joint Rationing Committee shall open an account for each country, showing the bulk ration allotted to it for a certain period.

(b) Before any yarn can be put into work the export merchant must present a rationing certificate to the Secretary of the Joint Rationing Committee, War Office, Bradford, who will certify that the quantity of yarn specified comes within the total of the bulk ration allotted to the country to which it has been sold.

(c) An exporting spinner must present a rationing certificate to the Secretary of the Joint Rationing Committee, who will certify that the quantity of yarn specified comes within the total of the bulk ration allotted to the country to which it has been sold.

(d) When the total quantity of the bulk ration for each country is reached, no more rationing certificates will be certified by the Secretary of the Joint Rationing Committee until the Joint Rationing Committee give a further bulk ration for the same country.

14. Export Yarn Merchants will be required, in addition, to give the monthly delivery certificate to the spinner, as resolved in Clause 5 above.

15. The Export Yarn Merchant shall render an account each month to the Secretary of the Joint Rationing Committee of all yarn delivered to him by spinners, showing what weight has been delivered to him, exported by him, and the balance (if any) remaining in stock.

16. The Board of Control shall retain the right of demanding any documentary evidence they may require.
17. The War Trade Department shall be asked to require the quotation of the number of the rationing certificate before issuing any export licence, and to refuse licences if this is not forthcoming.

B.—YARN FOR CONSUMPTION BY HOME MANUFACTURERS.

18. Yarn Merchants desirous of obtaining yarn for consumption by home manufacturers shall:
   (a) Obtain from the Secretary of the Rationing Committee of their district a book of "Order Certificates" and "Delivery Certificates."
   (b) Demand from every manufacturer ordering yarn from them the number of the manufacturer's key-certificate.
   (c) Supply to their spinner with every order for yarn an "Order Certificate" on which shall be quoted the number of the key-certificate of the manufacturer who requires the yarn in question.
   (d) Supply to each of their spinners by the 14th day of every month a "Delivery Certificate" stating the aggregate net weight of yarn delivered by each spinner to the yarn merchant during the preceding calendar month.
   (e) Receive by the 14th day of every month from each manufacturer to whom yarn has been delivered by the yarn merchant during the preceding calendar month, a certificate of the aggregate net weight of yarn so delivered.
   (f) Make a return by the 21st day of every month to the Secretary of the Rationing Committee for their district of the yarn delivered to them by spinners during the preceding calendar month, with the names, certificate numbers, &c., of the manufacturers to whom the yarn has been forwarded.

C.—HAND KNITTING AND MENDING YARNS FOR THE HOME TRADE.

19. Permits may be issued to certain spinners to deliver for the home trade in hand knitting and mending yarns, certain aggregate quantities of yarn during the specified periods without obtaining delivery certificates from the firms to whom the yarn is supplied.

Part III.

20.—(1) The term "Yarn" is here interpreted as meaning "all woollen or worsted yarn containing 40 per cent. or more of new wool."
   (2) The term "delivered" is here interpreted as meaning "dispatched or consigned from the spinner's or yarn merchant's premises."

(a) After consultation with the local Highway Authorities and as respect roads in the Metropolitan Police District with the Commissioner of the Metropolitan Police and where necessary with the Military Authorities, select the routes to be used for timber haulage and direct the use of any particular route or the diversion of the traffic or any part thereof from one route to another, in such manner as may be considered most conducive to the prevention of damage to the roads or the congestion of traffic thereon.

(b) Give directions prohibiting the use for timber haulage on such roads as may be specified in the directions of vehicles of such type as may be so specified, where such restriction is considered expedient to prevent avoidable damage to the roads, and other means of transporting the timber can be made available.

(a) Short Title of Order.—The Short Title was conferred by the "Army Council (Citation of Supplies War Material Orders) Order, 1918," printed in Appendix V to this Manual.

(b) "Administrative County of London."—This expression includes the City of London, see s. 40 (1) of the Local Government Act, 1888 (51 & 52 Vict. c. 41).

(a) The approximate date when the haulage will begin;
(b) The approximate tonnage to be transported;
(c) The type or types of vehicles to be used in hauling or transporting the timber;

and the owner or other person having control or management of any vehicle which is at the date of this order being used in timber haulage shall within one (week) after that date give similar notice in writing specifying the approximate tonnage remaining to be transported and the type or types of vehicles used. References in this clause to the County Surveyor shall in relation to Scotland be construed as references to the Road Surveyor or official charged with the supervision of the roads by whatever name called.

8. No person shall by auction sell or offer for sale any home grown timber whether standing or felled except under and in accordance with the terms of a permit granted by or on behalf of the Controller, provided that if a permit has been granted to the auctioneer it shall not be necessary for the principal to obtain a permit in respect of the same timber. A permit to sell under this paragraph may provide that the sale shall be conditional on a permit being granted by or on behalf of the Controller to the person who is declared to be the purchaser, and in that case the sale shall not be completed unless and until a permit has been granted to the purchaser and the conditions of sale shall provide accordingly. Where the Controller refuses in his discretion to grant a permit to such person he may grant a permit to any other person who bid at the auction and who is willing to pay a price equal to the highest price bid.

9. Paragraphs 6, 7, and 8 do not apply to timber included in the sale of the land on which it is growing.

10. Where an estate or land with the timber growing thereon is sold by private contract, whether in separate lots or as a whole, the Vendor shall, if the contents of such timber (excluding hedgerow trees) exceed ten thousand cubic feet, before completion submit to the Controller full particulars concerning the timber thereon at the date of the contract together with the name and address of the purchaser, and unless a permit is thereupon granted by or on behalf of the Controller, the sale so far as it relates to the timber thereon shall be void.

11. Where an estate or land with the timber growing thereon is offered for sale by auction, whether in separate lots or as a whole, the auctioneer or the Vendor shall, if the contents of such timber (excluding hedgerow trees) exceed ten thousand cubic feet, before the same is offered at auction submit full particulars of the timber thereon to the Controller together with a valuation thereof on the basis of Schedule A. of the Home Grown Timber Prices Order, 1918, (a) and unless a permit is granted either to the auctioneer or to the Vendor, such timber shall be excluded from the sale of the land. A permit granted under this paragraph may provide that the sale shall not be completed as regards the timber unless and until a permit has been granted by or on

(a) Home Grown Timber Prices Order, 1918.—That Order is printed p. 413.
behalf of the Controller to the person who is declared to be the purchaser and the conditions of sale shall provide accordingly. The valuation of the timber shall in all cases be announced at the time of sale.

12. The expression "timber" in paragraphs 10 and 11 includes all trees of pitprop size and over, other than Orchard trees.

13. Where a permit is granted for the purchase or sale of standing or felled timber such permit may specify the use to which such timber may be put or the district in which it may be used or resold after severance or removal as the case may be, and any other conditions which the Controller may see fit to impose, and no person shall in respect of such timber act in any manner contrary to the terms and conditions of such permit.

14. Subject to the provisions of paragraph 15 hereof, and except as in this paragraph provided, no person shall:

(a) Buy or enter into any contract for the purchase of (1) any timber in the log of the descriptions mentioned in Schedule B. of the Home Grown Timber Prices Order, 1918, or (2) any converted timber of the descriptions mentioned in Schedules C. or D. of the said Order, or sawn to any other sizes, except under and in accordance with the terms of a permit granted by or on behalf of the Controller.

(b) Sell or enter into any contract for the sale of any timber in the log or converted timber of the descriptions aforesaid except to the holder of such a permit.

Provided that a permit shall not be required for the purchase by the occupier of a sawmill of timber in the log for the purpose of conversion for sale or for resale in the log, or by a merchant or retailer of timber in the log or converted timber for the purpose of resale provided that a certificate is given by the purchaser at the time of sale that the timber is required only for the purpose of conversion for sale or for resale as the case may be, and such certificate shall be a sufficient authority to the seller to supply such timber to the person from whom he receives such certificate. "Conversion" means the sawing of timber to any of the specifications mentioned in Schedules C. and D. of the Home Grown Timber Prices Order, 1918, or to any other specifications, and "Converted Timber" means timber sawn to any specifications.

PART III.—GENERAL.

15. (a) Notwithstanding anything herein-before contained, a permit shall not be required for the purchase of Home Grown or Imported Timber not exceeding a total value of £5 in any one week, provided that at the time of purchase the purchaser signs a declaration in the form marked A. in the Schedule to this Order, and the signing of such declaration shall be a sufficient authority to supply such timber in accordance therewith.

The purchaser shall deliver such certificate to the seller, and any person to whom such certificate is delivered at the time may supply such timber accordingly.

All persons supplying timber in accordance with this paragraph shall forward the certificates to the Controller, together with a statement in the form marked C. in the Schedule not later than 7 days after the last day of the calendar month within which such timber was supplied.

(d) No permit or certificate shall be required for use for estate purposes of timber grown by the Owner.

16. Applications for permits shall be made as follows:

(a) For permits relating to timber situated outside the United Kingdom to the Controller.

(b) For permits relating to Imported and Home Grown Timber in Great Britain (except standing or felled timber in Scotland) to the Controller.

PRIORITY OF WORK ORDERS.

1. Priority of Work in numerous Industries.

The Priority of Work Order, (a) dated March 8, 1917, made by the Minister of Munitions.

The Minister of Munitions in exercise of the powers conferred upon him by the Defence of the Realm Regulations and all other powers enabling him hereby orders and requires that all persons engaged in any of the trades, businesses, or industries specified in the third schedule hereto shall in all respects comply with the following directions and regulations as to the priority to be given to work carried out in their factories and workshops and elsewhere in or in connection with such trades, businesses, or industries or any of them.

(1) Priority shall be given to work in such trades, businesses and industries in accordance with the classification set out in the first schedule hereto.

(2) All work and orders for work or materials undertaken by them shall be divided into the three Classes, Class A, Class B, and Class C mentioned in the first schedule.

(3) Work and orders in Class A shall take precedence of work and orders in Class B or Class C, and work and orders in Class B

(a) SHORT TITLE OF ORDER.—The Short Title was conferred by the “Ministry of Munitions (Citation of War Material Supplies Orders) Order, 1918,” printed in Appendix V to this Manual.
shall take precedence of work and orders in Class C irrespective of the date when the orders were received and of any contractual obligations to the contrary.

(4) Subject to paragraph 7 hereof orders for work shall be treated as belonging to Class A or Class B as the case may be if accompanied by a certificate from the person ordering the same in the form set out in the second schedule hereto, stating that the work belongs to Class A or Class B respectively.

(5) In the case of a person whose production either as regards the whole or a particular part thereof is regulated by specific directions or regulations from any department of the Government, such person shall not in so far as relates to the production so regulated act on a certificate presented to him by another person, but must apply for instructions to the department which regulates such production, forwarding to that department the certificate presented. Any order for work which entails the use of materials which are for the time being subject to control by a Government Department, and in respect of which Regulations shall have been issued, must not be carried out until after compliance with the said Regulations.

(6) Any order for work not accompanied by a certificate in the form set out in the second schedule hereto to the effect that the work falls within Class A or Class B shall be treated as an order for work in Class C.

(7) Any particular or special directions or regulations issued in writing by the Minister of Munitions, or by any Government Department regulating production as mentioned in paragraph 5 hereof, as to the classification of any work or orders belonging to the same class shall over-ride these general directions and regulations. (a)

As from the date hereof this Order shall be substituted for Circular L.33 as to the control of output issued by the Minister of Munitions on the 31st March, 1916, and references to this order and the corresponding classes herein mentioned shall be substituted in all orders, directions, notices and permits already made or issued by or on behalf of the Minister of Munitions for any references therein to the said Circular L.33 and the classes therein mentioned, but such substitution shall not affect the previous operation of the said Circular L.33 or any of such orders, directions, regulations, notices or permits or the validity of any action taken under them or any of them or any penalty or punishment incurred in respect of any contravention or failure to comply with the same or any of them or any proceeding or remedy in respect of such penalty or punishment.

And any certificate already issued under the said Circular L.33 shall so far as the same was properly issued thereunder continue to have the same effect as if this Order had never been made.

THE STEEL SUPPLIES ORDERS AND GENERAL PERMIT THEREUNDER IN CONSOLIDATED FORM.

1. Steel Supplies (Consolidated) Order, p. 434.
2. Steel Supplies (Consolidated) General Permit, p. 435.
3. Control of Steel Supplies (Consolidated) Order, p. 449.

The full text of all the Orders and Permits and Amending Orders and Permits, 24 in number, as originally made and issued, relating to steel supplies, as were not on May 31st, 1918, wholly revoked or withdrawn is printed at pp. 215-251 of Part II. of this Manual. As appears from the list (p. 215) the Amendments are very numerous and this Appendix consists of three Consolidating Orders drawn by the Editor reproducing the whole of these Orders, &c. (with the exception of the "Steel Rods and Wire Order," p. 248, and the "Midlands District Ironstone Control Order," p. 251, which stand out apart from and do not lend themselves to consolidation) in the form in which they appear to apply as on May 31st, 1918, as 3 documents instead of 22.

For these Consolidations the Editor is alone responsible, and for prosecutions and like purposes use should be made of the copies of the Orders, &c., as issued which as printed as above are primâ facie evidence (see Appendix V., "Proof, &c., of War Material Supplies Orders"). But it has been considered that convenience would be consulted and administrative and business time saved by the reproduction, e.g., of the 13 "Permit" documents as one single document.

This price is based upon tin at £240 per ton; for each rise or fall of £20 per ton above or below this figure, 1½d. basis to be added to or deducted from the basis price of the Terneplates.

4.—ADDITIONS TO BASIS PRICES AND EXTRAS.

To the maximum prices and extras for Tinplates and Terneplates a sum not exceeding two per cent. on such prices may be added in the case of sales made by persons other than the makers or their agents, plus the actual cost of delivery from works to destination.

In the case of dealings between merchant firms it is not permissible for each of them to add such two per cent., as in no case must the cost to the ultimate consumer be beyond two per cent. over the said maximum prices plus carriage charges.

Merchant stock holders delivering from their own warehouses (not public warehouses) are permitted to sell from their stock at the maximum prices plus the maximum addition of seven-and-a-half per cent. on such prices, exclusive of inwards and outwards carriage. This seven-and-a-half per cent. will include the merchants’ commission of two per cent., and is not in addition thereto.

NON-FERROUS METAL INDUSTRY ACT AND RULES.

1. Non-Ferrous Metal Industry Act, 1918 (7 & 8 Geo. 5, c. 67).

1. The Non-Ferrous Metal Industry Act, 1918 (7 & 8 Geo. 5, c. 67).

An Act to restrict temporarily the persons who may engage in business connected with certain non-ferrous metals and metallic ores.

[6th February, 1918.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1.-(1) It shall not be lawful for any company, firm, or individual after the expiration of six months from the passing of this Act, or such longer period as the Board of Trade may generally or in any particular case allow, to carry on the business of winning, extracting, smelting, dressing, refining, or dealing by way of wholesale trade, in metal or metallic ore to which this Act applies, unless licensed to do so by the Board of Trade, such licence to be in the form set out in the Second Schedule to this Act:

Provided that the purchase or sale of metal shall not be deemed to be dealing in such metal where such purchase or sale is incidental only to the trade carried on by the purchaser or seller:

Provided also that no licence shall be required when the winning, extracting, smelting, dressing, refining, or dealing is carried on wholly outside the United Kingdom.

(2) In the case of a company, firm, or individual with respect to which any of the conditions set forth in the First Schedule to this Act apply, or which is controlled by a company, firm, or individual in respect of which any such conditions apply, no licence shall be granted unless the Board of Trade are of opinion that the grant of a licence is expedient, but save as aforesaid any company, firm or individual carrying on or proposing to carry on such business as aforesaid shall on making application in the prescribed manner, and on furnishing such information and allowing inspection of such books and documents as may be reasonably required, and on payment of the prescribed fee, which shall not exceed one guinea, be entitled to a licence under this Act.
(3) A licence under this Act shall remain in force unless and until it is suspended or revoked.

(4) The Board of Trade, if satisfied by evidence not before them at the time when the licence was granted that such company, firm, or individual is, or has become, subject to any of the conditions set forth in the First Schedule to this Act, or, in the case of a company, firm, or individual to which a licence has been granted notwithstanding that it is subject to any such conditions as aforesaid, that it is expedient that the licence should be revoked or suspended, may revoke or suspend the licence.

(5) If any question arises between the Board of Trade and any company, firm, or individual—

(a) as to whether or not the business carried on by the company, firm, or individual is such as to require a licence under this Act; or

(b) as to whether or not any of the conditions set forth in the First Schedule of this Act apply in respect of the company, firm, or individual; or

(c) as to whether or not the company, firm, or individual is controlled by a company, firm, or individual in respect of which any such conditions apply; or

(d) as to the requirements of the Board of Trade for the production of books or documents for inspection,

the question shall, subject to rules of court, (a) be referred by the Board of Trade to the High Court for determination, and the decision of a Divisional Court of the King's Bench Division on any such reference shall be final, and no appeal therefrom shall lie to any other Court.

(6) Where at the expiration of the said six months or longer period allowed by the Board of Trade proceedings on any such application are pending in the High Court, the Court shall, on application being made for the purpose, extend the said period of six months or longer period as respects that company, firm, or individual for such period as may be necessary to allow the question to be determined by the Court, and where the application is made with reference to the suspension or revocation of a licence the licence shall not be suspended or revoked until the question has been determined by the Court.

(7) The Board of Trade shall publish in the prescribed manner the name of any company, firm, or individual to whom a licence has been granted under this Act or whose licence has been suspended or revoked.

(8) References in this section to the High Court shall in relation to Scotland be construed as references to the Court of Session, and the reference to a Divisional Court of the King's Bench Division shall be construed as a reference to a division of the Court of Session.

(a) RULES OF COURT.—See the Non-Ferrous Metal Industry Rules, 1918, made by the Rule Committee of the Supreme Court and applying in England and Wales, p. 462. No Rules have (Feb. 28th, 1918) been made for Scotland or Ireland.
2. The Board of Trade shall have power at any time to require the applicant for a licence or a licensee, or any person who, being a director, partner, manager, or officer of, or the holder of, or a person interested in, shares or securities of, any company, or firm, which has applied for the grant of a licence, or to which a licence has been granted under this Act, or by which the applicant or licensee is controlled, or being the manager of the business carried on by an individual applicant or licensee, is able to give any information as to the constitution control or management of the company or firm, or the business carried on by the company, firm, or individual, or the beneficial interest of any person in such business, or in any shares or securities of the company or firm, to furnish such information within such time as the Board may direct, and for the purpose of obtaining or verifying such information any person appointed by the Board in that behalf shall be entitled to inspect any books and documents belonging to or under the control of such company, firm, or individual, the inspection of which may reasonably be required for the purpose aforesaid.

3.—(1) If any person carries on the business of winning, extracting, smelting, dressing, refining, or dealing in any metal or metallic ore in contravention of this Act without a licence, he shall, on an information being laid by or on behalf of the Board of Trade, be liable on summary conviction to imprisonment with or without hard labour for a term not exceeding three months, or to a fine not exceeding one hundred pounds for each day during which the offence continues, or to both such imprisonment and fine:

Provided that the provision as to informations being laid by or on behalf of the Board of Trade shall not apply to Scotland.

(2) If any person refuses or neglects to furnish any information which under this Act is required to be furnished within the time within which it is to be furnished, or knowingly furnishes any information required to be furnished under this Act which is false in any material particular, or having custody of any book or document which a person is authorised to inspect under this Act, refuses or wilfully neglects to produce the book or document for inspection, or forges or fraudulently alters or uses or permits to be fraudulently used any licence issued under this Act, he shall be liable on summary conviction to imprisonment with or without hard labour for a term not exceeding three months, or to a fine not exceeding twenty pounds, or to both such imprisonment and fine.

(3) Where the person guilty of an offence under this Act is a company, every director, manager, secretary, and other officer of the company who is knowingly a party to the default, shall also be guilty of the like offence, and liable to the like punishment.
4.—(1) A company carrying on any business to which section one of this Act applies, which has issued share warrants to bearer, may give notice requiring the holders of the share warrants to surrender their warrants for cancellation and to have their names entered in the register.

(2) The notice shall be given by advertisement in the London, Edinburgh, or Dublin Gazette, as the case may be, and by any other method by which notices to, or for the information of, holders of share warrants to bearer are required to be given by the regulations of the company or the conditions of issue of the warrants.

(3) Where such a notice has been given no person shall, as holder of a share warrant, be entitled to attend or vote at any meeting of the company, and any dividends or interest which may become payable in respect of any shares represented by share warrants shall be retained by the company until the share warrants have been surrendered for cancellation.

(4) For the purposes of this Act the expression "share warrants to bearer" includes any bearer securities which confer on the holder thereof any voting power with respect to the management of the company.

5. No information as to any person or any business obtained under this Act shall be published except for the purposes of legal proceedings under this Act, and if any person knowingly publishes any information in contravention of this provision he shall be liable on summary conviction to imprisonment with or without hard labour for a term not exceeding three months, or to a fine not exceeding twenty pounds, or to both such imprisonment and fine.

6. The Board of Trade may make rules (subject in respect of fees to the approval of the Treasury), for prescribing anything which, under this Act, is to be prescribed, and generally for carrying this Act into effect, and such rules shall provide for excluding from dealings by way of wholesale trade within the meaning of this Act dealings in quantities below such limits as may be prescribed generally or as respects any particular metal or metallic ore(a):

Provided that all such rules shall be laid before each House of Parliament as soon as may be after they are made, and if an address is presented to His Majesty by either House of Parliament, within the next forty days on which that House has sat next after any such rule is laid before it, praying that the rule may be annulled, His Majesty in Council may, if it seems fit, annul the rule, and it shall thenceforth be void.

(a) Board of Trade Rules.—See the Non-Ferrous Metal Industry Rules, 1918, made by the Board of Trade and printed pp. 458-461.
Evidence of documents.

7. All documents purporting to be documents made by the Board of Trade under this Act, and to be sealed with the seal of the Board, or to be signed by the secretary or an assistant secretary of the Board, or by any person authorised in that behalf by the President of the Board, shall be received in evidence, and shall be deemed to be such documents without further proof unless the contrary is shown. (a)

Declarations.

8.—(1) A company carrying on any business to which section one of this Act applies may give notice requiring a shareholder or debenture holder to make a declaration under the Statutory Declarations Act, 1835, (b) as to the beneficial ownership of the shares or debentures standing in his name, and as to the nationality of such beneficial owner.

(2) The notice shall be given by any method by which notices to, or for the information of, holders of shares or debentures are required to be given by the regulations of the company or the conditions of issue of the debentures.

(3) Where such a notice has been given no person shall as holder of a share be entitled to attend or vote at any meeting of the company, and any dividends or interest which may become payable in respect of any shares or debentures shall be retained by the company until the shareholder or debenture holder shall have made such declaration as aforesaid.

(4) For the purposes of this section the expressions "shares" and "debentures" include stock and debenture stock and "shareholder" and "debenture holder" have corresponding meanings.

RELIEF FROM LIABILITY UNDER CONTRACTS AFFECTED BY CONTROL OF WAR MATERIAL SUPPLIES.

[This part of the manual comprises section 1 (2) of the Defence of the Realm (Amendment) (No. 2) Act, 1915, reproduced as amended and sections 1, 3, 9 of the Courts (Emergency Powers) Act, 1917.]

1. Powers of Court to Suspend or Annul any such Contracts, p. 501.
2. Relief from Liability when fulfilment of Contract interfered with by action of Government Department, p. 502.
3. Relief from Disqualification for Membership of House of Commons as regards certain Contracts, p. 503.

1. Powers of Court to Suspend or Annul any such Contracts.

SECTION 1 OF THE COURTS (EMERGENCY POWERS) ACT, 1917 (7 & 8 GEO. 5, c. 25).

1.—(1) Where, upon an application by any party to a contract for the construction of any building or work or for the supply of any materials for any building or work entered into before the fourth day of August, nineteen hundred and fourteen, the court is satisfied that, owing to the prevention or restriction of, or the delay in, the supply or delivery of materials, or the diversion or insufficiency of labour, occasioned by the present war, the contract cannot be enforced according to its terms without serious hardship, the court may, after considering all the circumstances of the case and the position of all the parties to the contract and any offer which may have been made by any party for a variation of the contract, suspend or annul the contract or stay any proceedings for the enforcement of the contract or any term thereof or any rights arising thereunder on such conditions (if any) as the court may think fit.

For the purpose of this subsection where an offer made before the fourth day of August nineteen hundred and fourteen was binding on a contracting party if accepted within a specified period expiring after that date and was so accepted after that date, the contract shall be deemed to have been entered into before that date.

(2) Where, upon an application by any party to any contract whatsoever, the court is satisfied that, owing to any restriction or direction imposed or given by or in pursuance of

(a) Aug. 4, 1914, i.e. the date when Great Britain declared War.
any enactment relating to the defence of the realm or any regulation made thereunder, or owing to the acquisition or user by or on behalf of the Crown for the purposes of the present war of any ship or other property, any term of the contract cannot be enforced without serious hardship, the court may, after considering the circumstances of the case and the position of the parties to the contract and any offer which may have been made by any party for the variation of the contract, suspend or annul the contract or stay any proceedings for the enforcement of the contract or any term thereof or any rights arising thereunder on such conditions (if any) as the court may think fit.

This subsection shall apply to any obligation relating to the supply of water, heat, light, traction or power arising under any Act of Parliament, or order having the force of an Act of Parliament, in like manner as it applies to a contract, except that it shall not be lawful for the court to annul any such obligation.

(3) This section shall be construed as one with the Courts (Emergency Powers) Act, 1914.

2. Relief from Liability when fulfilment of Contract interfered with by action of Government Department.

1. Interference with any Contract by certain Departments, 2. Interference with Contract other than of Tenancy by any Department, p. 503.

(1.) Interference with any Contract by certain Departments.

Section 1 (2) of the Defence of the Realm (Amendment) (No. 2) Act, 1915 (5 Geo. 5, c. 37), reproduced as amended by Article 3 of the Ministry of Munitions Order, 1915, and by the Food Controller (Concurrent Powers) Order, 1917.

It is hereby declared that where the fulfilment by any person of any contract is interfered with by the necessity on the part of himself or any other person of complying with any requirement, regulation, or restriction of the Admiralty or the Army Council or the Minister of Munitions or the Food Controller(a) under the

(a) Amendments made in Sub-section 1 (2).—The sub-section as enacted by Parliament specified only the Admiralty or the Army Council.

Art. 3 of the Ministry of Munitions Order, 1915 (printed as St. R. & O., 1915, No. 580, and also p. 326 of Supplement No. 4 to the "Manual of Emergency Legislation"), provides that the sub-section for the purpose of giving the Minister of Munitions concurrent powers under the sub-section shall be read as if in addition to the Admiralty or Army Council the Minister of Munitions were also specified.

The Food Controller (Concurrent Powers) Order, 1917 (printed as St. R. & O., 1917, No. 124, and also p. 18 of the May, 1917 Edition of the Food Supply Manual), provides that for the purpose of giving the Food Controller concurrent powers under the sub-section, that sub-section shall be read as if the Food Controller were specified therein in addition to the Admiralty or Army Council.
Defence of the Realm Consolidation Act, 1914, or this Act, or any regulations made thereunder, that necessity is a good defence to any action or proceedings taken against that person in respect of the non-fulfilment of the contract so far as it is due to that interference.

(2.) Interference with Contract other than of Tenancy by any Department.

Section 3 of the Courts (Emergency Powers) Act, 1917 (7 & 8 Geo. 5, c. 25).

3. Where, before or after the passing of this Act, the non-fulfilment of any contract (not being a contract of tenancy) was or is due to the compliance on the part of any person with any requirement, regulation, order, or restriction of any Government department or of a competent naval or military authority\(\text{(a)}\) made, issued, given or imposed for purposes connected with the present war, or with any direction or advice issued or given by any Government department with the object of preventing transactions which, in the opinion of the department, would or might be contrary to national interests in connection with the present war, proof of that fact shall be a good defence to any action or proceeding in respect of the non-fulfilment of the contract. A certificate by the appropriate Government department shall be sufficient evidence that such direction or advice was issued or given and with such object as aforesaid.

3. Relief from Disqualification for Membership of House of Commons as regards certain Contracts.

Section 9 of the Courts (Emergency Powers) Act, 1917 (7 & 8 Geo. 5, c. 25).

9.—(1) Whereas by reason of the emergencies of the present war members of the Commons House of Parliament have sometimes been, or may hereafter be, required to supply property to, or to permit the use thereof by, a Government department for purposes connected with the present war, it is hereby declared that none of the provisions of the House of Commons (Disqualification) Act, 1782, or of the House of Commons (Disqualifications) Act, 1801, shall be construed so as to extend to a contract or agreement entered into during the present war as to the price or compensation to be paid for any property so requisitioned or taken or as to any other terms on which any property so requisitioned or taken is to be handed over or supplied.

(2) This section shall not affect any legal proceedings instituted before the twenty-first day of February, nineteen hundred and seventeen.

\(\text{(a)}\) Competent Naval or Military Authority.—For definition see footnote \(\text{(b)}\) p. 13.

(b) Unnecessary Gazetting.—One of the objects of the Rules Publication Act, 1893, was to avoid duplicate printing and unnecessary gazetting (see s. 3 (3) thereof), and accordingly none of the Orders of the Food Controller has been gazetted.

Any copy or extract made in pursuance of this last provision may be in print or in writing, or partly in print and partly in writing.

No proof shall be required of the handwriting or official position of any person certifying, in pursuance of this Act, to the truth of any copy of or extract from any proclamation order or regulation.(a)

(a) Documents other than Orders or Regulations.—In the case of the Ministry of Munitions the enactments mentioned in the first column provide that the word “Regulations” in the Documentary Evidence Acts includes any documents issued by the department.
2. Construction of Regulations and Orders.

The Interpretation Act, 1889, applies for the purpose of the interpretation of these regulations and of orders and rules made thereunder, in like manner as it applies for the purpose of the interpretation of an Act of Parliament and as if these regulations were an Act of Parliament. (a)

64. Where by any Order in Council for the time being in force, any regulations or words are directed to be added to or omitted from these regulations, or to be substituted for any other regulations or words in these regulations, then copies of these regulations printed under the authority of His Majesty’s Stationery Office after such direction takes effect may be printed with the regulations or words added or omitted or substituted for other regulations or words as such direction requires, and with the regulations and paragraphs thereof numbered in accordance with such direction; and these regulations shall be construed as if they had, at the time at which such direction takes effect, been made with such addition, omission, or substitution. (b)

65. A reference in any Order in Council or other document to the Defence of the Realm (Consolidation) Regulations, 1914, or to the Defence of the Realm Regulations, or to any of them, shall, unless the context otherwise requires, be construed to refer to these regulations as amended by any Order in Council for the time being in force.

(a) Construction of Regulations and of Orders thereunder.—The effect of Reg. 63 would appear to be that:—

1. In the Regulations themselves all expressions defined by the Interpretation Act (52 & 53 Vict. c. 63), though not occurring in the Defence of the Realm Acts have the respective meanings so given to them and all the rules of construction laid down by that Act for the construction of Acts of Parliament apply to the construction of the Regulations:

2. In an Order under the Regulations expressions occurring both in the Order and in the empowering Regulations have the same meaning as they have in the empowering Regulations (see s. 31 of the Interpretation Act);

3. But both as regards the Regulations and the Orders thereunder such interpretation is excluded by anything in the Regulations or Order importing “a contrary intention.” (See the provision to this effect which occurs throughout the Interpretation Act.)

(b) Printing of Regulations as amended.—In accordance with regulation 64:—

1. Such of the Defence of the Realm Regulations as fall within the scope of this War Material Supplies Manual are herein printed as amended;

2. The whole of the Defence of the Realm Regulations are printed as a single Consolidated Code:—

(a) With Full Editorial Notes and references to all the Orders made thereunder in the “Defence of the Realm Manual,” which is published at half-yearly intervals;

(b) In Plain Text form, and Without Notes or references, in the Monthly Edition of the Regulations.
Reg. 66 of the Defence of the Realm Regulations relating to Previous Operation of Revoked Regulations.

66. The fact that any regulation or provision of a regulation is, or has been, revoked or superseded by any subsequent regulation shall not affect, and shall be deemed not to have affected, the previous operation of any regulation or provision so revoked or superseded, or the validity of any action taken under any such regulations or provision, or any penalty or punishment incurred in respect of any contravention or failure to comply with any such regulation or provision, or any proceeding or remedy in respect of any such penalty or punishment. (a)

Where a regulation or provision of a regulation has been amended by the substitution of one Government Department or authority for another as the authority to exercise any power under the regulation or provision the amendment shall not affect any order made, licence or other instrument issued or action taken in pursuance of the power by the original authority, but any such order, licence or instrument shall until revoked or amended continue in force as if it had been made or issued by the substituted authority and as if for references in the order, licence or instrument to the original authority there were substituted references to the substituted authority.

(a) Parallel Provision.—A clause to the like effect of the 1st paragraph of Reg. 66 forms Art. 9 of the Order in Council of Nov. 6th, 1916 (St. R. & O., 1916, No. 764) amending the Aliens Restriction Order and now takes its place in Art. 34 (3) of that Order (St. R. & O., 1916, No. 122), which has been reprinted as amended down to March 4th, 1918.
3. Citation of War Material Supplies Orders.
